THE JOSIAH K. LILLY COLLECTION

Part IV

European Countries and Their Colonies

This portion of the Lilly Collection reflects the successful efforts of this remarkable collector to secure some of the outstanding items of classic European philately. It can readily be seen that he was particularly fond of those "eye-catching" rare blocks and multiples that are pride of every real philatelist. This section contains such a number as to permit mention of only a few.

France, with which this sale begins, is highlighted by the unique "ex-Hind" block of six of the 1869 5fr, showing the "Large 5" variety as well as one stamp with the "double burelage." Other blocks in this area include an 1849 15c, 1850 40c, a block of eight of the 1fr carmine and a block of the 1fr brown carmine. Regular issues, Offices and Colonies round out this section and include many interesting items.

German States, too, offer their share of attractive multiples: a complete sheet of thirty-five Bremen 1860, 7gr black on yellow; a 3pf Saxony in a block of four, and a block of eight of the 5ng color error; Schleswig-Holstein 1850, 1s and 2s in blocks of twelve, and Wurttemberg, a complete sheet of the 70kr violet. In Germany, we find the scarce 1920 3m violet watermarked circles.

The imperforate issues of Belgium include blocks of the 10c 1849; 10, 20, and 40c 1849-50 issue and the 10c and 20c of the 1851's. The inverted center variety of the 1920 65c, a seldom seen rarity, should appeal to the collector of scarce stamps.

Netherlands and Colonies are a comprehensive lot, with the first Dutch issues to be found in blocks of four or larger. An attractive group of Luxemburg completes the Benelux issues.

The early issues of Denmark contain many blocks including an outstanding block of twenty-four of the 48s. Other Scandinavia is also well represented with many of the better stamps and sets.

Switzerland's classic Cantonal issues are a highlight in this portion of the collection: Zurich 1846 6r in a strip of ten, a block of twelve of the Geneva 1850 5c (Sc 2L6) plus singles of most of the others including an extremely fine Double Geneva (Sc. 2L1). Regular issues and the many unused Official issues are strong and will be eagerly sought. The unused block of 75c Pro Aero, C26 is one of the rarities of the 20th Century.

As a closing comment on this sale, collectors who have felt overwhelmed by the impressive number of rare and important stamps will find, notwithstanding, many opportunities in this sale to secure those medium priced stamps so seldom seen at auction, as well as many moderately priced varieties that help fill out a specialist's albums.
