NEW YORK, N.Y. 10022  
ESTABLISHED 47 YEARS

*W. Parsons Todd on His 95th Birthday*

The Hon. W. Parsons Todd, twice elected Mayor of Morristown, New Jersey, passed away on September 28th, 1976, shortly before his 99th birthday. Mr. Todd was an expert on American History and an avid collector of varied items: Historical documents, rugs, porcelains, old cars, coins, whale oil lamps and, of course, his remarkable stamp collection. He was almost half the age of the United States, having been born shortly after the centennial, but his roots go back to the beginnings of America. Descended collaterally from Dolly Todd Madison, wife of the fourth President of the United States, he was in possession of a lock of George Washington's hair, which was transmitted to him from President Washington through successive generations of Todds.

Probably the oldest operating chief executive of a public company in the United States, he attended at his office practically every day until the last few weeks of his life. He anticipated current low cost housing programs, Medicare and Medicaid in the early 1900s, with programs for the company employees sparing them the exhaustion of their savings through expenditure on high rents or medical expenses.

He was President for 52 years of Quincy Mining Company, which had been founded in 1848, and was with the firm for over 76 years. Together with his father the Todd connection with the firm lasted for 117 years.

Mr. Todd was dedicated to preserving the worthwhile relics of our past. The Quincy Mine Hoist Association of Hancock, Michigan, was formed by Mr. Todd to preserve the world's largest steam driven mine hoist. Two of Quincy's old steam locomotives are on display in front of the hoist house and are now a notable tourist attraction. Mr. Todd also cooperated with the New Jersey Museum of Transportation in furnishing it with the Baldwin 1912 three foot steam locomotive tender and Russell snowplow of the old Quincy & Torch Railroad for use on the Pine Creek Railroad at Allaire State Park, New Jersey. The locomotive will be called "W. Parsons Todd" and will be in service for tourist rides as soon as repairs are completed.

The Macculloch Hall Museum of Morristown, New Jersey, was originally the home of George Perot Macculloch, who conceived the idea of the Morris Canal. It was also the home of Jacob Welsh Miller, the last Whig Senator from New Jersey and the son-in-law of Macculloch. Mr. Todd purchased this property, which was in a severely deteriorated condition, and, by retrieving the original architect's plans, restored it as it was in about the year 1820 and had the spacious gardens planted with the flora of the 1850s. Among the furnishings he provided for the Museum are antiques, a collection of Thomas Nast paintings and presidential china belonging to Abraham Lincoln, Woodrow Wilson and Rutherford B. Hayes.

W. Parsons Todd, a keen student of philately for almost 90 years, carefully built over this extended period a stamp collection remarkable for its size, varieties, quality and completeness. With a sharp eye for subtle shade variations and centering Mr. Todd combed both retail stocks and auction offerings to acquire his tremendous holding. The collection includes a Gold Medal winning section of Postal Stationery, a prestigious section of U.S. stamps overprinted for use in Guam and the Philippines, and the most valuable Special Delivery collection ever assembled. There are, in addition, multitudinous examples of Bank Notes and Bureau Issues issued during Mr. Todd's long lifetime. Never did he lose interest in his stamps. Despite faulty eyesight, at the age of ninety-eight he could describe the illustration, color, shades of each color, the method employed in the printing or engraving process and the historical background of almost every stamp in his fine collection.

With the wide dispersal of stamps today, it is unlikely that Mr. Todd's collecting feat can ever be matched again. Because of its size the W. Parsons Todd collection, the most valuable United States holding to come on the market in the last decade will be offered in a series of auctions of which this is the first.

## CONDITIONS OF SALE

If claim is not made within this period, no lots are returnable for any reason at any time. So long as we are notified within the 14 day period that an opinion is being sought the matter will remain open until such opinion is rendered. We will not be responsible for any charges incurred by the buyer for expertization fees and costs unless the opinion states the item is not genuine, in which case we will pay actual costs up to a maximum of \$50.00.
7. Until paid for in full, all lots remain the property of Robert A. Siegel Auction Galleries, Inc. in behalf of the seller.
8. All forwarding charges will be added to the purchase price. The mode of shipment shall be at our option unless we are given specific instructions.

10. Agents are responsible for all purchases made in behalf of their clients unless other arrangements are made prior to the sale.
11. The placing of a bid shall constitute acceptance of the foregoing conditions of sale.

### ESTIMATES

Our sales offer many covers, cancellations, varieties and other items for which there is no catalogue value or where catalogue value does not reflect the actual value. In order to assist our clients, we are placing a fair net valuation on such lots as a guide to bidders. The chart below will be used. For example, E. IV means that our estimated net value on the lot is \$30.00 to \$40.00. Lots may actually realize more or less than our estimates, which are under no circumstances to be considered reserves but merely a guide to bidding.

#### END OF FIRST SESSION

#### DESCRIPTIONS

**EXTREMELY FINE:** The finest condition for noteworthy, outstanding stamps.

**VERY FINE:** In prime condition such as to satisfy the requirements of particular collectors.

**FINE:** Perforations or margins do not touch design on issues after 1890 but in some cases may just touch in earlier issues. If used, fairly light cancellation.

**VERY GOOD:** Generally nice appearance but margins or perforations may cut in slightly.

**GOOD:** Average off-centering or fairly attractive with slight defects.

**ORIGINAL GUM is not to be expected on 19th century stamps unless so stated in the description.**

**MINT:** With original gum and never hinged.

Unless otherwise noted Scott 1977 Specialized Catalogue of U.S. Stamps and Scott 1978 Standard Postage Stamp Catalogue Volume 1 have been used for cataloguing lots in this sale.
