Information for Bidders

Bidding

The following means are available for placing bids:

- 1) Attending the Live Auction in Person:** All bidders must register for a paddle, and new bidders must provide references at least three business days in advance of the sale.
- 2) Live Internet Bidding:** Instructions for participating as a Live Internet Bidder are provided on the page opposite.
- 3) Phone Bidding:** Bidders can be connected to the sale by phone and bid through a member of staff. Requests for phone bidding are subject to approval (please contact our office at least 24 hours before the sale). A signed Bid Form is required.
- 4) Absentee Bids.** All bids received in advance of the sale, either by mail, fax, phone, e-mail or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or e-mail should arrive at least one hour prior to the start of the sale session. Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. E-mail and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or e-mail have been received and entered.

Pre-Sale Viewing

Subject to availability, certain lots (except group lots) can be sent to known clients for examination. Requests must be made no later than 7 days prior to the sale. Lots must be returned on the day received. Postage/insurance costs will be invoiced.

In addition to regular viewing, clients may view lots by appointment. Our staff will be pleased to answer questions or provide additional information about lots.

Expert Certification

Individual items offered without a current certificate (PF dated within the past five years of sale; PSE dated January 2004 or later) may be purchased subject to independent certification of genuineness and our description. **Please refer to the Conditions of Sale and Grading Terms for policies governing certification.**

Shipping and Delivery

Procedures and charges for shipping lots are printed on the back of the Bid Form. **Bidders are responsible for all prescribed shipping charges and any applicable sales tax or customs duties.**

Price Realized

Prices realized are sent with each invoice. Bidders with e-mail will receive a Bid Results report after the sale. Session results are posted immediately to **siegelauctions.com**

Live Internet Bidding at Siegel Auctions

Bidding from your computer lets you be part of the live auction from anywhere in the world!

There's no substitute for following the auction in real time. Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.

And it's easy. Just start by following the simple steps to become a registered Live Internet Bidder. Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

1 Registering with Stamp Auction Network and Siegel Auction Galleries

Live Internet Bidding is managed by Stamp Auction Network (SAN). To bid, you must be registered and approved by *both* SAN and Siegel. To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding. You're ready for Step 2.

I've never registered with SAN, but I'm a Siegel client. Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for Step 2.

I've never registered with SAN, and this is the first time I've bid with Siegel. Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you can move to Step 2.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale. Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you can move to Step 2.

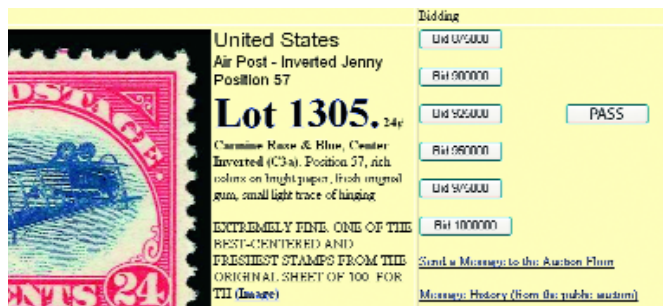

2 Using your browser for Live Internet Bidding and understanding the way it works.

Live Internet Bidding works by providing an audio feed of the auction (for anyone using Internet Explorer) and by allowing registered bidders to observe and place bids. The bidding interface shows a photo and description of the lot, the current bid (and your bidding status), and options for placing competitive bids. To join the auction, go to stampauctionnetwork.com/siegel. You can also log on at siegelauctions.com

The visual interface will work with any browser on both PC and Mac operating systems. However, the audio feed only works with Internet Explorer on a PC with ActiveX software installed. If ActiveX is not on your computer, you will have the option to install it.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

"System down" or "lost connection" events do occasionally happen. If you have any problems with Live Internet Bidding, please call 212-753-6421 for immediate assistance.

3 Using Live Internet Bidding to bid, track results and communicate with the auctioneer.

When you're logged on as a Live Internet Bidder, the screen will display buttons with bid increments. After you click on a bid amount, the auctioneer is immediately notified of your bid. Retracting a bid is usually not acceptable, so please bid carefully.

If you bid, then decide to stop, please use the "Pass" button, which appears once you've started bidding. This tells the auctioneer not to wait for another bid from you.

You can send messages to the auctioneer (for example, a request for extension). You can also track prior realizations from the bidding screen.

Conditions of Sale (please read carefully before bidding)

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By bidding on any lot, whether directly or by or through an agent, in person, or by telephone, facsimile or any other means, the bidder acknowledges and agrees to all of the following Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 15% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.

4. **Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.**

5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date. (5A) EXCLUSIONS:** The following lots may not be returned for any reason: lots containing 10 or more items; lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault. Photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations. Lots may not be returned for any of the following reasons: the color of the item does not match the color reproduction in the sale catalogue or website listing; the description contains inaccurate information about the quantity known or reported; or a certification service grades a stamp lower than the grade stated in the description.

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash

for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. **Credit cards are not accepted as payment.**

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of \$250.00 per check will be charged for each check returned for insufficient funds.

8. All lots are sold as genuine. **Any lot accompanied by a certificate issued by The Philatelic Foundation within 5 years of the sale date or by Professional Stamp Experts since January 2004 is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion.** Buyers who wish to obtain a certificate for any item that does not have a P.F. or P.S.E. certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price and the certification fee up to \$600.00 unless otherwise agreed.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. Buyers outside the U.S. are responsible for all customs duties.

12. **The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. These Terms and Conditions shall be governed by and construed in accordance with the substantive laws of the State of New York.**

Grades, Abbreviations and Values Used in Descriptions

Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population ReportSM is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

Extremely Fine Gem (90-100): The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

Extremely Fine (80-90): Exceptionally large/wide margins or near perfect centering.

Very Fine (70-85): Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

Fine (60-70): Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

Very Good (below 60): Attractive appearance, but margins or perforations cut into the design.

Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

1099

1099 **1c Blue, Ty. III (8).** Position 48L4, huge margins all around with wide breaks at top and bottom (the characteristics of the type), pretty shade, neat strike of circular datestamp

EXTREMELY FINE GEM. A SUPERB USED EXAMPLE OF THE 1851 ONE-CENT TYPE III, WHICH CLEARLY SHOWS THE CHARACTERISTICS OF THE TYPE. A MARVELOUS STAMP IN EVERY RESPECT.

Type III is defined by breaks in the outer lines at both top and bottom. Many Type III stamps have breaks that were created or enlarged by plate wear. Since the wear occurred over a period of time, the majority of stamps of this type (both unused and used) has small breaks in at least one line. This stamp is notable for its wide breaks at both top and bottom.

With 1980 and 1994 P.F. and 2009 P.S.E. certificates (XF-Superb 95; SMQ \$12,200.00). Only two have graded higher to date and only four others share this grade..... 3,500.00

EXTREMELY FINE. A BEAUTIFUL EXAMPLE OF THE 1855 10-CENT TYPE IV, FROM THE ONLY RECUT POSITION ON THE RIGHT PANE OF THE PLATE.

When the plate was being entered from the transfer roll (or rolls), three vertical rows were started with the B relief instead of the A relief. These were the first two rows of the left pane and the third row of the right pane. Only the first position in each vertical row is misplaced — the rest of the plate was laid out with the A relief used for the top two rows. Position 3R1, one of the three misplaced relief positions on the plate, also bears the distinction of being one of eight recut positions and the only position recut on the entire right pane of the plate.

EXTREMELY FINE. A SCARCE CENTERED MULTIPLE OF THE 1857 5-CENT BRICK RED.

In our opinion, the 5c Brick Red is very much underappreciated by most collectors. The poor centering and heavy cancels prevalent among Brick Reds reduce the supply of choice stamps to a small minority of the total population. Lightly-cancelled singles and multiples with centering any better than Fine are truly scarce... 4,250.00

- 1224 ★ **5c Indian Red (28A).** Large part original gum, beautiful color in the true Indian Red shade, exceptional centering for this difficult issue with **perforations completely clear of outer projections of the design on all sides**, detailed impression clearly showing the lathework background, small corner crease at bottom right and corner crease at top right

EXTREMELY FINE APPEARANCE. A RARE ORIGINAL-GUM EXAMPLE OF THE 1857 5-CENT INDIAN RED ISSUE, WHICH RECENTLY CAME TO LIGHT AND IS OFFERED TO THE MARKET FOR THE FIRST TIME. THIS IS ONE OF THE RAREST ORIGINAL-GUM STAMPS IN UNITED STATES PHILATELY — ONLY FIVE INDIAN RED STAMPS WITH ANY AMOUNT OF GUM ARE CONTAINED IN OUR RECORDS.

Our search of old auction catalogues and the records of The Philatelic Foundation and P.S.E. yielded only eleven unused examples of Scott 28A, including this recently-certified stamp. Of these, only five have been described as having any gum whatsoever. These are: 1) the stamp offered in the Whitman sale (Siegel Sale 968, lot 37, realized \$130,000 hammer), previously in the 1941 C. A. Brown sale by Harmer, Rooke & Co. where described as “full original gum”, also ex 1968 Rarities sale and A. T. Seymour Collection (Siegel Sale 373, Apr. 23, 1970, lot 35) where described as “large part original gum” and 2005 Rarities sale (lot 102, realized \$75,000 hammer); 2) the “Ambassador” copy (Siegel Sale 300, Apr. 27, 1966, lot 45A), described as part original gum, also ex Argentum (Siegel Sale 807, Feb. 23, 1999, lot 76) where described as “unused (traces of gum)”; 3) the Caspary/Lilly copy, described in both catalogues as full original gum and with light horizontal crease, offered in our auction of the Hoffman Collection (Siegel Sale 956, lot 35, realized \$180,000 hammer); 4) part original gum, light diagonal crease and two small corner creases, ex Geisler and “Laila” (Siegel Sale 972, lot 3039, realized \$110,000 hammer); and 5) the example offered here, recently certified and offered to the market for the first time.

Census No. 28A-OG-05. With 2009 P.S.E. certificate (POG Fine 70; unpriced in SMQ with original gum above the grade of 50, SMQ \$200,000.00 as 50). The grade of Fine 70 indicates that this should grade 90 for centering, based on the P.S.E.’s prescribed deductions for faults. Only one other has been graded to date (at 30) 175,000.00

- 1235 ★ **5c Brown, Ty. II (30A).** With right part imprint selvage, original gum, lightly hinged, exceptionally well-centered and wonderful deep rich color
EXTREMELY FINE. A DESIRABLE ORIGINAL-GUM EXAMPLE OF THE 5-CENT TYPE II BROWN 1860 SHADE IN REMARKABLY FRESH CONDITION WITH A PART-IMPRINT SHEET MARGIN.

Unlike its Orange Brown counterpart, the 5c Type II in Brown was not on hand in post offices when the 1861 demonetization order took effect. Therefore, original-gum examples of Scott 30A are far scarcer than Scott 30. The narrow spacing between subjects on the plate, as well as Toppan Carpenter's imprecise perforating, leaves collectors with very few well-centered original-gum examples.

1239

1239 **10c Green, Ty. I (31).** Brilliant color and crisp impression on fresh paper, neat strike of **blue** circular datestamp, beautiful centering with wide and balanced margins

EXTREMELY FINE GEM. THIS MAGNIFICENT USED EXAMPLE OF THE 1857 10-CENT PERFORATED TYPE I HAS BEEN GRADED XF-SUPERB 95 BY P.S.E. — THIS IS THE HIGHEST GRADE AWARDED TO DATE.

Type I stamps are only found on the 20 stamps that comprise the bottom row of the plate. Due to narrow spacing on the plate and difficulties in aligning the perforating machine, stamps at the bottom of the plate usually have perforations cutting into the top or bottom portion of the design. This is a negative, because Type I is defined as having the design complete at bottom. The population of stamps showing the characteristic is extremely limited, especially when other factors such as soundness are taken into consideration.

With 2007 P.S.E. certificate (XF-Superb 95; SMQ \$9,000.00). This is the highest grade awarded to date, and only four others share this grade. This statistic has not changed since we last offered one in this grade in December 2008..... 1,315.00

- 1240 **10c Green, Ty. I (31).** Choice centering with unusually wide margins and clearly showing the characteristics of the type, bright shade, bold strike of circular datestamp
EXTREMELY FINE. A SUPERB USED EXAMPLE OF THE 1857 10-CENT PERFORATED TYPE I.

Type I is defined as having the design complete at bottom. The wide margins on this stamp allow this to be clearly seen. 1,300.00

EXTREMELY FINE GEM. A SUPERB USED EXAMPLE OF THE 30-CENT 1860 ISSUE. AN EXCEEDINGLY DIFFICULT ISSUE TO FIND IN SUCH SUPERB CONDITION. THIS MARVELOUS STAMP FROM THE SENCHUK COLLECTION IS EASILY ONE OF THE FINEST IN EXISTENCE AND HAS BEEN AWARDED THE GRADE OF SUPERB 98 JUMBO BY P.S.E.

The narrow space between subjects on the plate makes it almost impossible for the perforations to clear the design on all four sides. The example offered here, with extra wide margins at sides and perfs clear at top and bottom, is a true condition rarity.

With 2009 P.S.E. certificate (Superb 98 Jumbo; unpriced in SMQ above the grade of 98, SMQ \$13,100.00 as 98). This is the highest grade awarded to date to a Scott 38 in *any* category, and it is the only example to achieve this grade..... 540.00

EXTREMELY FINE GEM. A SUPERB JUMBO USED EXAMPLE OF THE 12-CENT 1861 ISSUE, WHICH HAS BEEN GRADED SUPERB 98 JUMBO BY P.S.E. — THIS IS THE HIGHEST GRADE AWARDED TO DATE.

This extraordinary stamp comes from the Senchuk collection. Although the 12c 1861 plate provided ample space between the subjects, the 12-gauge perforation holes use up much of that space, and the lines of perforations were rarely applied in a way that created four balanced margins around the design. This stamp is a one-in-a-million example of perforating outside the normal boundary line on all four sides.

1867-68 GRILLED ISSUE

1377

- 1377 **3c Rose, A. Grill (79).** Bright color, clear grill but with mostly intact perfs, light strike of target cancel

EXTREMELY FINE. A MARVELOUS USED EXAMPLE OF THE 1867 3-CENT A GRILL. A RARE STAMP IN SUCH SUPERB CONDITION.

The experimental A Grill covered the entire stamp. On most examples this caused the perforations to virtually disintegrate when the stamps were separated. When the unsatisfactory effects of the grilling process were observed during this experimental stage, the grill was reduced to a smaller area within the borders of each stamp. Examples of the 3c A Grill with perforations all around, such as this stamp from the Senchuk collection, are true condition rarities.

1381

- 1381 **2c Black, D. Grill (84).** Perfectly centered, deep shade, lightly cancelled by **blue** cork, full clear grill impression with the requisite 15 columns of points
EXTREMELY FINE GEM. APART FROM THE A AND Z GRILL RARITIES, THE 2-CENT 1868 D GRILL IS THE RAREST OF ALL GRILLED ISSUES. PROBABLY FEWER THAN TEN COPIES EXIST IN THIS SUPERB CONDITION.
The 2c D Grill is the rarest of the regular-production 1867-68 Grilled Issues (excluding the 1867 trials and rarest Z Grills), followed in order of scarcity by the 3c Z Grill, the 3c D Grill and the 12c Z Grill.
It is our theory that two grilling machines were used simultaneously, and that one of the machines was converted from the D to E Grill in early 1868, after a small number of 2c sheets were run through the D-equipped machine.

 With 1993 P.F. and 2009 P.S.E. certificates (XF 90; SMQ \$3,000.00). The P.S.E. grade factors in the tiny nibbed perf, yet this stamp still graded 90..... 1,250.00

- 1384 **3c Rose, D. Grill (85).** Rich color, prominent grill which is clearly visible from front due to cork cancel, Very Fine, a pretty stamp 1,250.00

1385

- 1385 **2c Black, Z. Grill (85B).** Well-centered, beautiful sharp grill points clearly showing the horizontal ridges unique to the Z grill, cancelled by neat **red New York City "Post Office" datestamp**

EXTREMELY FINE. A NOTORIOUSLY DIFFICULT STAMP TO FIND WELL-CENTERED. ESPECIALLY RARE WITH A RED DATESTAMP CANCELLATION.

The plates used to print the Black Jacks did not provide enough space between subjects for the large 12-gauge perf holes. Consequently, most Black Jack stamps have perfs touching the design on one or two sides. This scarcity of four-margined copies multiplies exponentially when the Z Grill is factored into the equation. Only a small quantity of 2c sheets were grilled during the period when the Z device was active — after the D Grill, the Z is the rarest of Black Jack grilled stamps.

Position 150 with perfect centering and wide margins

AN INCREDIBLY RARE INTACT PANE OF 150 OF THE 3-CENT 1869 PICTORIAL ISSUE, WITH 136 MINT NEVER-HINGED STAMPS AND A LARGE NUMBER OF VERY FINE-EXTREMELY FINE STAMPS. ONE OF THE GREAT MULTIPLES OF THE ISSUE AND 19TH CENTURY UNITED STATES PHILATELY.

Most large multiples have been broken to feed the demand for well-centered singles. Typically what remains in panes are those not worth breaking due to centering or other condition issues. Not so the pane offered here. This pane, with several sections containing better-centered stamps, plus the overall pristine nature of the gum, is a true condition rarity. We wonder whether it will stay intact.

Scott Catalogue does not price anything earlier than Scott No. 182 in Mint N.H. condition. When Scott Catalogue does start pricing, they typically apply a multiplier of between 3-5 times the hinged price. EXTREMELY FINE GEM. A SUPERB USED EXAMPLE OF THE 24-CENT 1869 PICTORIAL ISSUE, WHICH HAS BEEN GRADED SUPERB 98 BY P.S.E. — THIS IS THE HIGHEST GRADE AWARDED TO DATE AND THE ONLY EXAMPLE TO ACHIEVE THIS GRADE.

This marvelous used 24c 1869 from the Senchuk collection defies the norms of this issue. Although the space between subjects on the 24c 1869 frame plate provided ample room for perforations, the National Bank Note Co. employees had difficulty applying lines of perforations in a uniform manner. Therefore, stamps with balanced margins on all four sides represent a tiny fraction of the original population. Surviving used examples also show the tendency of postal clerks to zealously cancel high-denomination stamps that were typically used on mail to foreign countries or on heavy registered letters. In this stamp we have a degree of perfection rarely achieved by the manufacturer and a fortuitously merciful cancellation, leaving most of the design unobscured.

With 2009 P.S.E. certificate (Superb 98; SMQ \$12,900.00). This is the highest grade awarded to date and the only example to achieve this grade..... 775.00

FINE APPEARING EXAMPLE OF THE RARE 4-CENT COLUMBIAN ERROR OF COLOR.

The 4c Columbian color error was caused by the use of a wrong batch of ink, and spectrographic analysis has shown that the blue inks of the 4c error and 1c Columbian have the same components.

Stamps from at least two panes reached collectors, and the few cancelled examples indicate that stamps used by the public came from additional panes. It is likely that a number of full sheets were printed using the wrong ink, and most of the stamps have simply been lost to philately.

- 1748 ★ **\$1.00 Black, Types I-II-II (261-261A-261A).** Bottom sheet margin strip of three with imprint and plate no. 76, left stamp Type I and right pair Type II, original gum, h.r. where few perfs sensibly reinforced, bright shade

FINE AND RARE IMPRINT AND PLATE NUMBER STRIP OF THE \$1.00 1894 UNWATERMARKED BUREAU TYPES I AND II.

The \$1.00 1894-95 plate — comprising 200 subjects arranged in two panes of 100 — included five vertical columns of Type II (50 subjects). The left half of one pane was made up of Type I stamps, and the right half of the same pane comprised Type II stamps. The other pane was entirely Type I. Therefore, where the imprint and plate number appears at top and bottom, the two stamps at right are Type II, and the one stamp at left is Type I. Combination pairs and strips, which exist only between fifth and sixth columns, are extremely rare and desirable. Plate number strips and blocks are of even greater rarity, and only a small number of the 1894 unwatermarked issue exist.

EXTREMELY FINE GEM. THIS MAGNIFICENT STAMP HAS BEEN AWARDED THE GRADE OF SUPERB 98 BY P.S.E. — ONLY TWO HAVE GRADED HIGHER TO DATE AND ONLY THREE OTHERS SHARE THIS DESIRABLE GRADE.

Collectors in pursuit of superb 19th Century commemorative stamps are well aware of the challenge in locating the 8c Trans-Mississippi with wide margins and choice centering. An examination of 8c multiples will reveal the fact that the space between horizontal rows was narrower than the space between vertical columns. Wide top and bottom margins that match the sides could only occur when the horizontal perforations were misapplied to a row, thereby impinging on the space allocated to the rows above and below.

1891 **4c Brown, Imperforate, Schermack Ty. III Private Perforation (314A).** Large margins to well clear at left with full Schermack perforations on both sides, deep rich color, usual wavy-line cancel

FRESH AND FINE. A RARE SOUND EXAMPLE OF THE 4-CENT 1908 IMPERFORATE WITH SCHERMACK PERFORATIONS, SCOTT 314A. ONLY 31 USED SINGLES ARE CONTAINED IN OUR CENSUS, AND FEW HAVE THE SCHERMACK PERFORATIONS ON BOTH SIDES.

Our recently-completed census of Scott 314A incorporates the records of the Philatelic Foundation, the Levi records (which represents over 40 years of auction sales) and our own computerized sales history. The census reveals a startling fact — there are only 31 used singles (two on piece), a used strip of three and three covers (one of which contains a strip of three), for a total of 39 used stamps. Our previous assumption was that this number was much higher. Of these, only 18 show Schermack perforations on both sides and of these only 11 are sound.

With 1967 P.F. certificate. Acquired by the current owner in our 1969 Rarities sale.

FINE APPEARANCE. A RARE GUIDE LINE STRIP OF FOUR OF THE 10-CENT HORIZONTAL COIL, SCOTT 356.

According to Johl (Volume 1, page 181), only 10,000 of the 10c Washington coil stamp were issued. They were made especially for a New York firm to send out advertising samples, similar to the 3c Orangeburg coil. Only a few rolls were sold to the firm, and the remaining rolls were distributed to some of the large post offices across the country. Dealers acquired several rolls, but because most contemporary collectors did not collect coils, many were used and destroyed. Most guide line strips have been broken into pairs and singles.

With 1968 P.F. certificate. 24,500.00

EXTREMELY FINE GEM. WITHOUT QUESTION, THIS IS ONE OF THE FINEST MINT NEVER-
HINGED EXAMPLES OF THE 2-CENT ON BLuish IN EXISTENCE. THIS MARVELOUS STAMP
HAS BEEN AWARDED THE PERFECT GRADE OF GEM 100 BY P.S.E.

The Bluish paper stamps were made as part of an experiment to correct problems with
paper shrinkage and spoilage. The existence of this stamp with such superb centering
and huge margins is truly remarkable.

With 2007 P.S.E. certificate (Gem 100; unpriced in SMQ above the grade of 98, SMQ

FINE. AN ATTRACTIVE EXAMPLE OF THE RARE 4-CENT ON BLUISH PAPER FROM POSITION ONE IN THE ORIGINAL SHEET OF 100.

According to Johl (Vol. 1, page 175), the only source of the 4c and 8c Bluish stamps was the archives of the Post Office Department. Approximately 80 of each were traded for rare stamps missing from the archives. Given the failed experimental nature of the paper mixture, it is no surprise that virtually all copies are off-center to some extent.

This stamp was originally part of the top left corner sheet-margin block of four seen in the Colonel E. H. R. Green collection (Part VII, lot 620, J. C. Morganthau & Co., Dec. 1-8, 1942). The top right stamp from the same block appeared in a Simmy's sale in 1976 with the top sheet selvage intact. The stamp offered here was offered with the corner sheet selvage removed as early as 1970 (Peter Kenedi sale). It was acquired by the present owner in the Siegel 1975 Rarities Sale (lot 155). The corner selvage was probably removed to make the stamp fit into an album space.

FINE APPEARING EXAMPLE OF THE RARE 3-CENT ORANGEBURG COIL.

The Orangeburg coil was made by the Post Office Department in 1911, specifically for use by the Bell Pharmaceutical Company. The 3c coil stamps were used to send samples of their products to physicians. Due to the quantity of mail, they were put through the first-class cancelling machine at Orangeburg, New York. The Orangeburg coil stamps' use on third-class mail, and the fact that philatelists were generally unaware of their production accounts for their rarity.

EXTREMELY FINE GEM. THIS IS EASILY ONE OF THE FINEST MINT NEVER-HINGED TOP PLATE NUMBER BLOCK OF SIX OF THE 10-CENT PERF 10 PANAMA-PACIFIC ISSUE.

The Panama-Pacific Exposition commemorative set was originally released in late 1912 and officially placed on sale on January 1, 1913, two years in advance of the actual exposition (the stamps are inscribed "San Francisco 1915"). The stamps were first issued with 12-gauge perforations. When the Bureau of Engraving and Printing changed to 10-gauge perforations in late 1914, sheets of Panama-Pacific stamps were issued in Perf 10 form. This modification was not officially announced or widely recognized by stamp collectors; therefore, the Perf 10 stamps are much scarcer than their Perf 12 counterparts.

The 10c design depicts the "Discovery of San Francisco Bay," based on a painting by Charles F. Mathews (Johl, Vol. 1, pp.69-70). It depicts the Spanish explorer Gaspar de Portola and his crew with the Muwekma Ohlone natives. In 1769 Portola led the first expedition and observed San Francisco harbor. In 1775 Juan Manuel de Ayala, captain of the Spanish ship *San Carlos*, was the first to enter the harbor, which led to the establishment of the earliest European settlements.

The 10c was first issued in the standard Yellow used for the regular-issue 10c stamp, but the design was difficult to see in this shade (Scott 400). The stamp color was changed to a darker Orange and issued with 12-gauge perforations (Scott 400A). When the 10-gauge perforations were introduced, a much smaller supply was issued as Orange Perf 10 (Scott 404).

The 10c Panama-Pacific Perf 10, Scott 404, typically comes poorly centered. It is also plagued by short perfs—for a reason. The wide-spaced 10-gauge perfs were introduced by postal officials to strengthen the sheets during handling. Postmasters complained that the Perf 12 sheets broke apart too easily, but the move to Perf 10 went too far, and postmasters then started complaining that they were tearing apart stamps while trying to separate them (Perf 11 ended up being just right). Scott 404 is also much scarcer than its Perf 12 counterparts, Scott 400 and 400A. Only two panes of 70 are reported to survive.

We are aware of perhaps one other 10c Panama-Pacific Perf 10 top-position plate block that can be compared to the magnificent plate block offered here. The other was last offered in a Christie's Robson Lowe sale almost 20 years ago and is currently in a private collection. The plate block offered here surfaced recently and was certified by The Philatelic Foundation.

2031

- 2031 ★ **2c Red, Ty. I, Coil (449).** Joint line pair, brilliant color, well-proportioned margins for this difficult issue

FINE-VERY FINE. A REMARKABLY FRESH ORIGINAL-GUM JOINT LINE PAIR OF THE 2-CENT VERTICAL COIL, SCOTT 449.

The 2c Type I rotary plate was used very briefly to make vertical coils issued in late 1915. It was briefly used because the Type I plate was not very deeply engraved and the curvature of the rotary press yielded impressions lacking in some of the details. The Bureau noticed this immediately, and quickly replaced it with the Type III plate (according to Scott, the EDU for No. 449 is Oct. 29, 1915 and the EDU for Type III is Dec. 21, 1915).

With 1965 P.F. certificate..... 16,000.00

- 2032 **2c Red, Ty. I, Coil (449).** Perfectly centered, brilliant color, neatly cancelled

EXTREMELY FINE GEM. THIS IS EASILY ONE OF THE FINEST USED SINGLES OF THE 2-CENT VERTICAL COIL, SCOTT 449, IN EXISTENCE. THIS STAMP HAS BEEN GRADED SUPERB 98 BY P.S.E.

With 1981 P.F. and 2008 P.S.E. certificates (Superb 98; SMQ \$3,700.00). This is the highest grade awarded to date and only one other has achieved this grade.....

VERY FINE AND CHOICE EXAMPLE OF THE 5-CENT IMPERFORATE ERROR IN A BLOCK OF SIXTEEN.

During the course of production of the normal 2c plate No. 7942, three positions were noted to be defective. The plate was returned to the siderographer, who burnished out the three positions and mistakenly re-entered them using a transfer roll for the 5c stamp. The error passed unnoticed and the sheets were issued to the public Perf 10, Imperforate and Perf 11 (Scott 467, 485 and 505). The imperforate is by far the rarest of the three.

2134 ★ **1c Green, Rotary Perf 11 (544).** Fresh and bright color, wide margins for this notoriously challenging issue

VERY FINE AND CHOICE. A RARE ORIGINAL-GUM EXAMPLE OF THIS MAJOR 20TH CENTURY RARITY. PROBABLY FEWER THAN 20 OF THE 1923 ONE-CENT ROTARY PERF 11, SCOTT 544, EXIST IN ANY UNUSED STATE.

A small quantity of 1c Rotary Press stamps was perforated 11 at the end of 1922, using remainder sheets from the earlier experimental printings that were normally perforated in 10 gauge or 10/11 compound gauge. Its existence as a Perf 11 variety was discovered in 1936, and the stamp received its Scott Catalogue listing in 1938.

Most of the recorded copies of Scott 544 are off-center or have been damaged — the result of poor production standards and mis-handling.

- 2170 ★ **1c Green, Rotary, Perf 11 (594).** Part original gum, s.e. at top, thinned and faint crease FINE APPEARANCE. AN EXTREMELY RARE ORIGINAL-GUM EXAMPLE OF THE ONE-CENT ROTARY PERF 11 ISSUE, SCOTT 594. THIS IS ONE OF THE RAREST 20TH CENTURY STAMPS IN UNUSED CONDITION.

The 1c Green, Scott 594, is waste from a horizontal rotary printing used to make coils. At the beginning or end of a coil-stamp print run from the 170-subject rotary plates, some leading or trailing paper was produced that was too short for rolling into 500-stamp rolls. In 1919 the Bureau devised a plan to salvage this waste by perforating and cutting the sheets into panes. They were put through the 11-gauge flat-plate perforator in use at the time, giving the sheets full perforations on all sides. The existence of Scott 594 was not reported until four months after the final sheets were delivered, and the 1c Rotary Perf 11 was soon recognized as one of the rarest United States stamps.

Our census of unused examples of Scott 594, based on the Levi and P.F. records and available at our website at <http://www.siegelauctions.com/dynamic/census/594/594.pdf>, contains only 18 stamps. Of these only 11 have any gum, and three of those have perforated initials of Crowell Publishing Co. of Springfield, Ohio, which some collectors regard as equivalent to a cancel.

FRESH AND VERY FINE. ONE OF THE FINEST SINGLES OF THE 44 2-CENT HARDING ROTARY PERF 11 STAMPS RECORDED IN OUR CENSUS.

Our census of the Scott 613 (www.siegelauctions.com/dynamic/census/613/613.pdf) records 43 used singles (one faintly cancelled, if at all), one used pair and a newly-discovered used strip of three. Of the singles, approximately 30 are sound, but of these only six rate a grade of Very Fine or Extremely Fine. The stamp offered here is especially desirable by virtue of the selvage and its unusually wide margins.

The 2c Harding Rotary Perf 11 stamp was discovered in 1938 by Leslie Lewis of the New York firm, Stanley Gibbons Inc., and the stamp offered here was part of that find. Gary Griffith presents his hypothesis in *United States Stamps 1922-26* that rotary-printed sheets of 400 were first reduced to panes of 100 and then fed through the 11-gauge perforating machine normally used for flat plate sheets. This method distinguishes sheet-waste stamps — Scott 544, 596 and 613 — from the coil-waste stamps and explains the existence of a straight-edge on Scott 613.

VERY FINE. A PRISTINE MINT NEVER-HINGED EXAMPLE OF THIS POPULAR MODERN ERROR — THE C.I.A. INVERT.

Popularly called the "C.I.A. Invert", a single pane of 100 stamps was purchased at the McLean Va. Post Office by employees of the C.I.A., for use on mail from the agency. They noticed the error, pooled together funds to buy a replacement sheet and kept the pane for themselves. When it was discovered who had purchased the stamps, a scandal ensued over who actually owned the stamps.....

FINE APPEARING EXAMPLE OF THE FAMOUS 1918 24-CENT INVERTED “JENNY” ERROR. WITHOUT QUESTION THIS IS THE MOST FAMOUS STAMP IN AMERICAN PHILATELY..

According to *Jenny!* by George Amick (Amos Press, 1986), William T. Robey purchased the original sheet of 100 inverted “Jenny” stamps on May 14, 1918, one day after the stamp was placed on sale, at the New York Avenue Post Office window in Washington, D.C. Soon after, the sheet was sold to Col. Edward H. R. Green through Eugene Klein, a Philadelphia stamp dealer. Green paid \$20,000 for the sheet, then instructed Klein to divide it into singles and blocks, and to sell all but a few key position blocks.

Stamp specialists and professionals know that examples of this stamp come in different grades of freshness and condition. Many of the original 100 stamps were mistreated by collectors over the years, despite the stamps’ rarity and value. Colonel Green himself allowed moisture to affect some of the stamps he retained. Other examples have become slightly toned from improper storage and climatic conditions. Hinging has caused thins and creases in numerous stamps, and at least seven have been “lost” to philately — or nearly so as in the case of the copy swept up in a vacuum cleaner.

Ex Colonel Edward H. R. Green and offered in Part XX by Laurence and Stryker in March 1945 where purchased by Philip Ward for a customer who held it for decades. With 1993 P.F. certificate..... 500,000.00

FINE-EXTREMELY FINE. AN EXTREMELY RARE AND DESIRABLE MINT NEVER-HINGED PLATE NUMBER AND "TWENTY" BLOCK OF EIGHT OF THE 209-CENT PARCEL POST ISSUE.

The Parcel Post issues were printed from plates of 180 which consisted of four panes of 45. According to Johl, the uniform color of the twelve denominations led to confusion on the part of postal clerks, who complained that they were forced to examine the stamps in detail to ensure they had the correct values. In response, on January 27, 1913 large capital letters were added to the margins near each plate number. At top and bottom the imprint is in the selvage next to the plate number; on the sides it is separated by a stamp with blank selvage, except in the case where the lettering is too long. We can tell that this came from the bottom right pane, because on that pane the letters precede rather than follow the plate number at the side. In the case of the 20c, the spacing of the letters stretches across three stamps and so the most desirable way to collect this with the imprint is as a block of eight.

The Most Powerful WANT LIST in Philately.

STEP 1: Go to siegelauctions.com and click on "My Siegel!"

When you create a new account you will receive a confirming e-mail, which tests whether your spam filter will allow e-mails from Siegel. Click on the link in the e-mail to activate your account.

STEP 2: Once you are logged in, you can start setting your preferences

There are four tabs in MY SIEGEL. The first has the latest news from Siegel. The second has your saved searches. The third allows you to set preferences and change your password. The fourth logs you out.

STEP 3: Go to the "Saved Searches" tab

The searches will be blank until you create some. Click on the blue "New Search" button.

STEP 4: Create your search using "Power Search"

Fill out the criteria for your search. If you are looking for a specific U.S. Scott number, there is no need to use the drop-down menus because it defaults to U.S. Stamps. You can make your search as specific or as broad as you like. Use the "Help" menu for suggestions. Name your search and save it at the bottom of the page. Click on "My Searches" to review what you've done.

STEP 5: Review your searches

Your searches will appear alphabetically. You can then quickly see whether any lots in upcoming auctions match your searches. If you choose, MY SIEGEL will automatically send you e-mails when lots matching your search criteria are offered.

Tells you whether something in an upcoming sale matches your criteria. Click on the checkmark to see matches in future sales.

Run the search here to see matches in upcoming and past sales. It's always a good idea to run the search after it's been set up, to make sure you get the desired results.

For each search you can specify whether or not you wish to receive e-mail notifications that lots matching your search criteria are coming up at auction.

END OF SIXTH SESSION

Live Internet Bidding at Siegel Auctions

Bidding from your computer lets you be part of the live auction from anywhere in the world!

There's no substitute for following the auction in real time. Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.

And it's easy. Just start by following the simple steps to become a registered Live Internet Bidder. Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

1 Registering with Stamp Auction Network and Siegel Auction Galleries

Live Internet Bidding is managed by Stamp Auction Network (SAN). To bid, you must be registered and approved by *both* SAN and Siegel. To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding. You're ready for Step 2.

I've never registered with SAN, but I'm a Siegel client. Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for Step 2.

I've never registered with SAN, and this is the first time I've bid with Siegel. Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you can move to Step 2.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale. Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you can move to Step 2.

2 Using your browser for Live Internet Bidding and understanding the way it works.

Live Internet Bidding works by providing an audio feed of the auction (for anyone using Internet Explorer) and by allowing registered bidders to observe and place bids. The bidding interface shows a photo and description of the lot, the current bid (and your bidding status), and options for placing competitive bids. To join the auction, go to stampauctionnetwork.com/siegel. You can also log on at siegelauctions.com

The visual interface will work with any browser on both PC and Mac operating systems. However, the audio feed only works with Internet Explorer on a PC with ActiveX software installed. If ActiveX is not on your computer, you will have the option to install it.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

"System down" or "lost connection" events do occasionally happen. If you have any problems with Live Internet Bidding, please call 212-753-6421 for immediate assistance.

3 Using Live Internet Bidding to bid, track results and communicate with the auctioneer.

When you're logged on as a Live Internet Bidder, the screen will display buttons with bid increments. After you click on a bid amount, the auctioneer is immediately notified of your bid. Retracting a bid is usually not acceptable, so please bid carefully.

If you bid, then decide to stop, please use the "Pass" button, which appears once you've started bidding. This tells the auctioneer not to wait for another bid from you.

You can send messages to the auctioneer (for example, a request for extension). You can also track prior realizations from the bidding screen.

The Siegel Encyclopedia and Rarities Census

This feature of our website contains a wealth of information gleaned from decades of philatelic research by the dedicated philatelists at Siegel.

The up-to-date census data for 19th and 20th century U.S. rarities are a valuable resource for buyers, sellers and researchers. Every recorded example of more than 30 different rare stamps is described and, in most cases, photographed.

Informative Video Presentations

Downloadable video documentaries tell the stories of stamps and covers, such as the famous Inverted “Jenny.” This is the ideal way to introduce philately to others.

EIGHTH SESSION (LOTS 2583-2690)
FRIDAY, OCTOBER 2, 2009, AT 10:30 A.M.

THE MARTIN RICHARDSON GOLD MEDAL COLLECTION
OF U.S. POST OFFICE SEALS

Official seals trace their origin in the United States to 1872, when special seals were first issued to prevent tampering with valuable registered packages. In 1877 seals were issued for the repair or closure of damaged or opened mail. These "Post Obitum" seals were the first of the wide and diverse group of seals that patrons of the U.S. postal system would see for the next 123 years.

Interest in post office seals was for many years limited to a small group of specialists, and new findings and discoveries were published in the Official Seals Study Group's newsletter *Officially Sealed Notes*. In recent years however, scholarship in U.S. seals has grown considerably, and the field has seen two major books published—the Perkal and Kazman book in 1983 and Jim Kotanchik's *Post Office Seals of the United States and Possessions* in 2006. The Kotanchik book is now considered the authoritative study of U.S. Post Office seals and is a must for both the beginning and advanced seal collector. Frequent references are made to the book throughout the descriptions in this sale.

In the last 35 years, a handful of important collections have come to market, including the Christiansen collection (Christie's 1988) and two specialized collections of typeset seals—Siegel Sale 775 (1996) and Larry Lyons (Shreve 2000). The gold medal-winning Richardson collection now takes its place beside these other great collections and offers a wealth of important and rare material. All issues are covered, from the 1872 registry seals through the modern issues—with most issues showing singles, multiples and on-cover examples, as well as essays, proofs, varieties and errors. Mr. Richardson gave special attention to the rare typeset seals and built a comprehensive collection that shows 11 examples that are either unique or the only known used on cover. This is easily the most important showing of typeset seals to come to the market since the Lyons sale and surpasses both that collection and the 1996 Siegel sale in size and in number of unique items.

1872 REGISTRY SEALS

- 2583 E **Post Office Registry Seal, Yellow Die Essay on India (OXF1-E4a).** 117 x 57mm, removed from card backing, lovely color, small thin spot as often found on this fragile paper, Very Fine and choice appearance and rarely seen, differs from the issued design by the word "REGISTERED" appearing to be superimposed over the background and other lettering 1,000.00

Mar. 31 1900" circular datestamp on cover to Providence R.I., "Ranger Ind. Mar. 31" circular datestamp on front, Providence machine receiving postmark, few typical flaws as usual

VERY FINE APPEARANCE AND PROBABLY UNIQUE. THIS IS THE ONLY RECORDED COVER COMBINING THE TYPESET AND GOVERNMENT SEALS. ONE OF THE MOST IMPORTANT RARITIES EXTANT IN OFFICIAL SEAL COLLECTING.

According to Helbock (Vol. 4), the Don Juan post office was in operation from 1858-1906. The Ranger post office was in operation from 1866-1952. Both were small, fourth-class post offices. The typeset seal was applied by one of the two. Like other fourth-class post offices they did not have access to the government seals and had to purchase typeset seals from private vendors. Upon arrival at the first-class Providence post office on April 2, which did have access to the Government Printing Office produced seals, the 1888 seal was affixed.

In addition to being the only known cover with both types of seals, this is also the only known on-cover example of the scarce Type F plate flaw of the 1888 Issue.

In the space provided below, enter the **lot number** from **Sale 976** and your corresponding bid. Please use **whole dollar amounts** only and enter the **maximum bid** you wish to have us execute on your behalf, according to the **bidding increments** on other side of this form. **Your bid will NOT include the 15% buyer's premium.** We will advance the bidding at one increment over the

next highest bid; therefore, you may be awarded the lot at less than your maximum bid. Please do not use "plus" bids or "buy" bids. If you wish to bid on one lot **or** the other, indicate your "or" bid between lot number/bid entries and bracket your choices. If you wish to place a **bidding limit** on the total amount of your bids, please enter your limit in the space marked "Limit Bids".

PLEASE NOTE BIDDING INCREMENTS AND SHIPPING CHARGES (ON BACK OF THIS PAGE)

☐ **LIMIT BIDS:** Check this box if you wish to limit the total amount of your bids (not including the **15% buyer's premium**) in this sale. Your bids will be executed until your bidding limit no longer allows for additional bids. **The total amount you wish to bid is:** \$

Shipping and Transit Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale (except those described as “floor sale only”). To expedite billing and delivery of lots to hundreds of buyers per sale, we use standard charges for postage and insurance, based on the package weight and mailing requirements (see schedule). The standard charges are sometimes slightly more or less than the actual postage or Fedex fees, but we do not include any charge for our labor or packing costs. Therefore, we ask all buyers to remit the prescribed amount for shipping charges.

Transit insurance is provided in all cases, except when the buyer has furnished us with proof that insurance coverage is effective under another policy. Proof, in such cases, will be accepted in the form of a written certificate from the insurance carrier.

You are responsible for insurance charges, which will be added to your invoice. This coverage is provided for our mutual protection against theft or loss in transit.

Bidding Increments

The auctioneer may regulate the bidding at his discretion. However, to assist absentee bidders in establishing their maximum bid for each lot, the increments shown at right will be used in most cases. We recommend that written bids conform to these increments (those which do not will be reduced to the next level).

REVISED CHARGES FOR SHIPPING EFFECTIVE SEPTEMBER 1, 2009

We have reduced the Fedex Envelope charge to \$20, reflecting the elimination of the fuel surcharge. All other charges remain the same.

Current Postage & Insurance Charges

Weight/Class	Shipping Method	Charges
Up to 2 lbs.	Fedex Envelope	\$20.00
Over 2 lbs.	Fedex Box	\$35.00*
Non-U.S.	Fedex/Courier	\$50.00**
Bulk Lots	UPS Preferred	By weight and value
These fees reflect additional Fedex charges for residential delivery, signature and fuel surcharge. *Higher fees will be charged on packages weighing more than 5 lbs. or insured for more than \$75,000. **Buyers are liable for all customs duties and clearance charges. An accurate declaration of value will be made on all import/export documents.
