- 4) Absentee Bids.** All bids received in advance of the sale, either by mail, fax, phone, e-mail or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or e-mail should arrive at least one hour prior to the start of the sale session. Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. E-mail and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or e-mail have been received and entered.

Live Internet Bidding at Siegel Auctions

BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's **NO SUBSTITUTE** for following the auction in real time.

Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.

And it's easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.

Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with **STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES**

Live Internet Bidding is managed by Stamp Auction Network (SAN).

To bid, you must be registered and approved by *both* SAN and Siegel.

To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

I'm a Siegel client, but I'm not registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.

Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

Log on to the auction at stampauctionnetwork.com/siegel.

You can also log on at siegelauctions.com

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

Conditions of Sale (please read carefully before bidding)

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By bidding on any lot, whether directly or by or through an agent, in person, or by telephone, facsimile or any other means, the bidder acknowledges and agrees to all of the following Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 15% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.

4. **Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.**

5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date. (5A) EXCLUSIONS: The following lots may not be returned for any reason: lots containing 10 or more items; lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault. Photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations. Lots may not be returned for any of the following reasons: the color of the item does not match the color reproduction in the sale catalogue or website listing; the description contains inaccurate information about the quantity known or reported; or a certification service grades a stamp lower than the grade stated in the description.**

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the

highest bidder. Credit cards (Visa, Mastercard and Discover only) can be accepted as payment but will be subject to a 3% Convenience Fee, which will be added to the total of the entire invoice (including hammer price, buyer's premium, shipping and transit insurance charges and any applicable taxes).

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of \$250.00 per check will be charged for each check returned for insufficient funds.

8. All lots are sold as genuine. **Any lot accompanied by a certificate issued by The Philatelic Foundation, British Philatelic Association, Royal Philatelic Society of London or any other authority recognized by the A.I.E.P. in a specific area of expertise, and dated within 5 years of the sale date, is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion.** Buyers who wish to obtain a certificate for any item that does not have a certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price and the certification fee up to \$600.00 unless otherwise agreed.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. Buyers outside the U.S. are responsible for all customs duties.

12. **The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. These Terms and Conditions shall be governed by and construed in accordance with the substantive laws of the State of New York.**

Grades, Abbreviations and Values Used in Descriptions

Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population ReportSM is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

Extremely Fine Gem (90-100): The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

Extremely Fine (80-90): Exceptionally large/wide margins or near perfect centering.

Very Fine (70-85): Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

Fine (60-70): Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

Very Good (below 60): Attractive appearance, but margins or perforations cut into the design.

Guide to Gum Condition

Gum Categories:	MINT N.H.	ORIGINAL GUM (O.G.)				NO GUM

PRE-1890 ISSUES	<i>Pre-1890 stamps in these categories trade at a premium over Scott value</i>			Scott Value for “O.G.”		Scott “No Gum” Values thru No. 218
1890-1935 ISSUES	Scott “Never Hinged” Values for Nos. 219-771	Scott Value for “O.G.” (Actual value will be affected by the degree of hinging)		Disturbed Original Gum: Gum showing noticeable effects of humidity, climate or hinging over more than half of the gum. The significance of gum disturbance in valuing a stamp in any of the Original Gum categories depends on the degree of disturbance, the rarity and normal gum condition of the issue and other variables affecting quality. For example, stamps issued in tropical climates are expected to have some gum disturbance due to humidity, and such condition is not considered a negative factor in pricing.		
1935 TO DATE	Scott Value for “Unused”					

Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

The End of A Myth

Sometimes a myth, when repeated enough times, becomes “fact.” One such often-repeated myth in philately is that Siegel Auction Galleries does not sell anything other than United States material. There is no question that the Siegel firm sells more U.S. stamps and postal history than any other firm, by a considerable margin. And, I suspect that when the Siegel firm has sold any worldwide collections, such auctions might have been overshadowed in people’s minds by so many impressive offerings of U.S. material.

When I was running my own namesake firm for many years, often in direct competition for collections with the Siegel firm, I certainly did not dissuade potential sellers of important worldwide material from believing in this myth. It allowed me to sell many wonderful collections and exhibits simply because there was this perception that my major competitor did not sell such properties. All the while I knew the truth — and it gave me great pause — that the Siegel firm not only sold an extraordinary number of important foreign collections over the years, but also did so with great success. From the incomparable Josiah K. Lilly collection of worldwide stamps up to recent spectacular sales, such as the Islander Collection of South America stamps (where the famous Brazil “Pack” strip sold for a remarkable \$2,185,000), the list of important worldwide collections sold by the Siegel firm is impressive by any measure.

After having sold my auction firm a few years ago I took a little time off to decide what I would do next in my career. I thought about opening another firm under my name, but I could not get out of my mind the professional respect I had for the Siegel firm as a competitor. And, I thought about the unfair myth that still existed about Siegel not selling worldwide stamps. I also wondered what could be accomplished if I teamed up with the Siegel firm and created a separate entity that devoted itself exclusively to the proper marketing and presentation of important worldwide exhibits and collections. Well, as fate would have it, Scott Trepel, the president of the Siegel firm, was thinking along similar lines. And, long story short — welcome to our first Siegel International sale.

Siegel International was created to give collectors of important worldwide philatelic material a desirable alternative when selling their collections. Siegel International offers potential sellers all of the benefits that sellers of U.S. material have enjoyed for years:

- Unmatched financial strength, giving collectors peace of mind knowing that they will be paid on time after the sale
- Outstanding philatelic expertise with a staff handpicked for their experience, professionalism and knowledge in dealing in worldwide stamps and postal history
- Lavishly produced catalogs (like this one in your hands) that spare no expense and are filled with highly informative and accurate descriptions
- A selling venue in one of the stamp capitals of the world, New York City, where, unlike some other overseas venues, stamps can be sold free of extra fees such as VAT or GST
- Competitive seller’s commissions and the lowest buyer’s premium among major auctioneers, which invites the optimum number of bidders to participate
- And, the option to be paid in United States Dollars, which is still considered one of the safest and most stable currencies in the world

So, whether you are a collector of British Empire stamps in Chicago, an award-winning exhibitor of Brazil in Switzerland, or an accumulator of important worldwide rarities in Beijing, you now have a new choice of where to sell your stamps. Robert A. Siegel Auction Galleries, which has been America’s premier stamp auctioneer since 1930, is now your best choice when selling international collections.

ST. LAWRENCE SEAWAY INVERT

The St. Lawrence Seaway provided for passage from the Atlantic Ocean to the Great Lakes. It was a collaboration between the United States and Canada. The Seaway was opened in 1959 with a ceremony led by Queen Elizabeth II and President Eisenhower. Both the United States and Canada issued stamps to commemorate the event. Both stamps have the same basic design, except the Canada stamp has bilingual text at top. The invert is only known on the Canadian stamp.

VERY FINE APPEARANCE. AN IMMENSELY RARE EXAMPLE OF THE BRITISH CENTRAL AFRICA ONE-PENCE ERROR WITHOUT OVAL IN A PAIR WITH A NORMAL STAMP. THIS IS ACTUALLY OFFERED WITH MUCH LESS FREQUENCY THAN THE MORE FAMOUS INVERTED OVAL ERROR. A PHENOMENAL RARITY.

According to Robson Lowe's *Encyclopedia*, in 1891 the Imperial Post opened its first post office, and in 1893 the post was greatly expanded. The first issues were those of Rhodesia overprinted "B.C.A.", which were followed by British Central Africa stamps printed by De La Rue & Co. in England. In a monograph by Fred J. Melville, the author refers to the theft of a case of stamps containing several denominations that disappeared en route from England. The theft occurred about January 25, 1898, and it was claimed that the case was lost overboard. The stamps were eventually found about a year later. In response to this theft, on March 11 the Post Office issued a notice requiring that all mail addressed to places within the British Central Africa Protectorate be paid in cash rather than stamps, and that new stamps (called "tokens" in the notice) would be affixed to indicate payment. The new stamps were printed locally at Blantyre (now Malawi) which was a major center for colonial trade. A new supply of stamps was received in November and use of the local stamps was discontinued.

It is believed only twenty such errors were produced. However, in our review of important British Commonwealth auctions, we notice this error is almost always missing, and in a couple cases exists only as a single and not in this desirable se-tenant format with a normal stamp.

Ex Hind and Preston. 1939 R.P.S. certificate no longer accompanies. With clear 2011 R.P.S. certificate. The Stanley Gibbons catalog lists the oval omitted error as No. 55d, the Pale Ultramarine color. This is probably an error, as it is suggested these all emanated from the same printing. We believe the SG value of £30,000 refers to this stamp 30,000.00

3371

- 3371 ★ **1898, 1p Vermilion & Ultramarine, Ty. I, Oval Inverted (58i; SG 54b).** Without gum as issued, framelines complete all around, large margins at top and bottom, bright fresh colors, horizontal crease in the top margin (as do most examples of this rarity) and a very shallow thin spot (neither of which are mentioned on the certificate)

VERY FINE APPEARANCE. A RARE EXAMPLE OF THE BRITISH CENTRAL AFRICA ONE-PENNY "CHEQUE STAMP" WITH THE OVAL INVERTED. ONLY FIFTEEN IN TOTAL WERE PRINTED AND NO MORE THAN THIRTEEN EXAMPLES CAN EXIST IN PRIVATE HANDS. THIS COPY IS ONE OF THE FINEST KNOWN. A GREAT RARITY OF BRITISH AFRICA.

The stamps were printed in sheets of 30 comprising two horizontal rows of fifteen. For the first setting, the blue portion of the design was printed in two operations. This resulted in the top row of one sheet printed with the oval inverted. Of the fifteen printed, a pair (Positions 11-12) is in the Royal Collection and another pair (Positions 14-15) is also known. Of the remaining eleven singles, many have not been seen for some time and nearly all have faults much more severe than the example offered here.

Live Internet Bidding at Siegel Auctions

BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's **NO SUBSTITUTE** for following the auction in real time.

Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.

And it's easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.

Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with **STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES**

Live Internet Bidding is managed by Stamp Auction Network (SAN).

To bid, you must be registered and approved by *both* SAN and Siegel.

To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

I'm a Siegel client, but I'm not registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.

Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

Log on to the auction at stampauctionnetwork.com/siegel.

You can also log on at siegelauctions.com

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

FRANCE BALLONS MONTES

- 3662 ☒ **Ballon Monte, Earliest Known Possible Cancellation Date.** France No. 33 horizontal pair tied on cover (with letter enclosure) by star cancellation with "Paris 5e. 18 Sept. 70/R. St. Lazare" double-circle datestamp addressed to **Turin, Italy**, red boxed "PD" handstamp, Turin arrival backstamp of Oct. 25, Very Fine and scarce destination, this cover just missed the final departure from Paris (4e.) earlier in the day before encirclement by the Prussian army making this the earliest known possible cancellation date for a balloon flight, this should have been flown on the *Neptune* but due to the overload of mail, only the lightest pieces made the flight, judging by the arrival datestamp, this made it on a later balloon flight but it is impossible to determine the specific flight..... VERY FINE. A RARE BOULES DE MOULINS COVER, SENT INTO PARIS DURING THE SEIGE. THIS IS IN BETTER CONDITION THAN NORMALLY SEEN, AS MANY SUFFERED WATER DAMAGE.

During the Siege of Paris it was virtually impossible to get mail into the city. Balloons (Ballons Montes) and Pigeon Post were used for outgoing mail. Boules de Moulins were an attempt to bring mail into Paris, using semi-floating balls of zinc sent down the Seine and carried by the current. The service started Jan. 4, 1871 and was discontinued Jan. 31. None actually reached Paris during the Siege; they were found later, some as recently as 1982..... E. 750-1,000

VERY FINE. A PHENOMENAL FRANCE AIR POST RARITY. ONLY TWO COVERS ARE KNOWN WITH THE INVERTED ILE DE FRANCE 10-FRANC ON 90-CENTIME SURCHARGE.

The provisional surcharges were created during an attempt to create a new service to expedite mail crossing the Atlantic. This was accomplished using a combination of boat and plane to transport the mail. The mail was placed on board the ship, and a plane would take off from the ship at a predetermined point. This new Catapult Mail service gained about 24 hours, as mail on board ships had to wait for the ship to dock and then be removed. The “Ile de France” provisionals were created due to the popularity of the first leg of the voyage. Realizing that the ship would not have sufficient postage on board for the return voyage, the French Consul General in New York commissioned Emile Cabella, a New York printer, to surcharge 3,000 90c and 1,000 1.50fr stamps. News of the stamps reached France before the plane arrived and they were instantly sought by collectors.

Only 50 stamps were printed with the inverted surcharge. Of those, 45 have normal spacing, as seen on the example offered here. Only two covers with inverted surcharges are known to exist.

Signed Raybaudi and accompanied by his 1987 certificate. Yvert €20,000. Scott Retail

Shipping and Transit Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale (except those described as “floor sale only”). To expedite billing and delivery of lots to hundreds of buyers per sale, we use standard charges for postage and insurance, based on the package weight and mailing requirements (see schedule). The standard charges are sometimes slightly more or less than the actual postage or Fedex fees, but we do not include any charge for our labor or packing costs. Therefore, we ask all buyers to remit the prescribed amount for shipping charges.

Transit insurance is provided in all cases, except when the buyer has furnished us with proof that insurance coverage is effective under another policy. Proof, in such cases, will be accepted in the form of a written certificate from the insurance carrier.

You are responsible for insurance charges, which will be added to your invoice. This coverage is provided for our mutual protection against theft or loss in transit.

Bidding Increments

The auctioneer may regulate the bidding at his discretion. However, to assist absentee bidders in establishing their maximum bid for each lot, the increments shown at right will be used in most cases. We recommend that written bids conform to these increments (those which do not will be reduced to the next level).
