- 2) Live Internet Bidding:** Instructions for participating as a Live Internet Bidder are provided on the page opposite.

- 4) Absentee Bids.** All bids received in advance of the sale, either by mail, fax, phone, e-mail or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or e-mail should arrive at least one hour prior to the start of the sale session. Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. E-mail and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or e-mail have been received and entered.

# Live Internet Bidding at Siegel Auctions

## BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's **NO SUBSTITUTE** for following the auction in real time.  
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.  
And it's easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.  
Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

### Registering with **STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES**

Live Internet Bidding is managed by Stamp Auction Network (SAN).  
To bid, you must be registered and approved by *both* SAN and Siegel.  
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

I'm a Siegel client, but I'm not registered with SAN.

Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.

Then you just need to be approved by Siegel. Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.

Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

### Log on to the auction at [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel).

You can also log on at [siegelauctions.com](http://siegelauctions.com)

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

## Conditions of Sale (please read carefully before bidding)

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By bidding on any lot, whether directly or by or through an agent, in person, or by telephone, facsimile or any other means, the bidder acknowledges and agrees to all of the following Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 15% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.

4. **Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.**

5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date. (5A) EXCLUSIONS: The following lots may not be returned for any reason: lots containing 10 or more items; lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault. Photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations. Lots may not be returned for any of the following reasons: the color of the item does not match the color reproduction in the sale catalogue or website listing; the description contains inaccurate information about the quantity known or reported; or a certification service grades a stamp lower than the grade stated in the description.**

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the

highest bidder. **Credit cards (Visa, Mastercard and Discover only) can be accepted as payment but will be subject to a 3% Convenience Fee, which will be added to the total of the entire invoice (including hammer price, buyer's premium, shipping and transit insurance charges and any applicable taxes).**

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of \$250.00 per check will be charged for each check returned for insufficient funds.

8. All lots are sold as genuine. **Any lot accompanied by a certificate issued by The Philatelic Foundation or by Professional Stamp Experts within 5 years of the sale date is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion.** Buyers who wish to obtain a certificate for any item that does not have a P.F. or P.S.E. certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price and the certification fee up to \$600.00 unless otherwise agreed.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. Buyers outside the U.S. are responsible for all customs duties.

12. **The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. These Terms and Conditions shall be governed by and construed in accordance with the substantive laws of the State of New York.**

# Grades, Abbreviations and Values Used in Descriptions

## Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population Report<sup>SM</sup> is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

**Extremely Fine Gem (90-100):** The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

**Extremely Fine (80-90):** Exceptionally large/wide margins or near perfect centering.

**Very Fine (70-85):** Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

**Fine (60-70):** Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

**Very Good (below 60):** Attractive appearance, but margins or perforations cut into the design.

## Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

## Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

3317 (★)田 **5c Grayish Brown (1a)**. Block of six, unused (no gum), large margins to clear incl. part of adjoining stamps at right, some faults including creases and rejoined tears, color affected by cleaning

VERY FINE APPEARANCE. AN EXTREMELY RARE UNUSED BLOCK OF SIX OF THE 5-CENT 1847 ISSUE.

The 1847 Issue is much scarcer in unused condition than other issues, because the stamps were demonetized in 1851. They could be exchanged for the new issue, but once the exchange period ended, the stamps would have no postage value. Considering the purchasing power of five or ten cents in 1851, it is not surprising that the stamps were either used or exchanged, rather than left for future generations of collectors.

# Live Internet Bidding at Siegel Auctions

## BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

**There's NO SUBSTITUTE for following the auction in real time.**  
**Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.**  
**And it's easy.**

**This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.**

**Start by following the simple steps to become a registered Live Internet Bidder.**  
**Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.**

### Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).  
To bid, you must be registered and approved by *both* SAN and Siegel.  
To decide what you need to do, choose the description below that best fits you.

**I've already registered with SAN and have been approved by Siegel for internet bidding.**

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

**I'm a Siegel client, but I'm not registered with SAN.**

Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

### Log on to the auction at [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel).

You can also log on at [siegelauctions.com](http://siegelauctions.com)

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

**I've bid through SAN before, but this is the first time I've bid in a Siegel sale.**

Then you just need to be approved by Siegel. Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

**I've never bid with Siegel, nor registered with SAN.**

Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

**"System Down" or "Lost Connection" events do occasionally happen.**

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

EXTREMELY FINE GEM. A BEAUTIFUL SHEET-MARGIN EXAMPLE OF THE 1855 10-CENT TYPE I.

The 10c Type I stamps are defined as having complete scrolls at bottom. They are only found on the bottom row of the plate (20 positions). For some reason, they were usually trimmed at bottom when they were separated, leaving a dearth of quality copies. This example, with its large bottom margin, is an extreme exception to the rule.

PLATE 2  
POSITION 99R2 — TYPE III

3405

3405 **1c Blue, Ty. III, Position 99R2 (21).** Rich color, neat strike of circular datestamp, few short perfs at right

FINE CENTERING. A RARE EXAMPLE OF THE PERFORATED ONE-CENT 1857 ISSUE FROM POSITION 99R2.

Plate 2 was made in late 1855, and consists of 198 stamps that are Type II, one position that is Type III (99R2) and one that is Type IIIA (100R2).

Guide dots were used to accurately lay out the subjects on the plate. Positions 79 and 89 were transferred perfectly using their guide dots. However, the guide dot to the south-east of Position 88R2, which was used to align the single B Relief for Position 99R2, was placed far out of line, resulting in the bottom part of the A Relief being transferred into the bottom part of Position 89 (and in the margin below this position) by mistake. When the fresh entry was made in Position 99R a full transfer of the design was not possible without running into the error in Position 89R. The position was therefore short transferred at top, and apparently also at bottom, creating the finest example of Type III found on any plate (see pp. 183-184 of Neinken book).

Plate 2 stamps were issued imperforate from December 1855 through June 1857. Beginning in July 1857 stamps from Plates 1 Late, 2 and 4 were issued with perforations, and Plates 2 and 4 continued to produce stamps through late 1857. Plate 2 stamps are rarer perforated than in imperforate form; conversely, Plate 4 stamps are rarer imperforate than in perforated form. Perforated 99R2 stamps are of extreme rarity.

Our census, which incorporates the records of noted student Jerome S. Wagshal, the Philatelic Foundation, the Levi records and our own work, is available at our website at <http://www.siegelauctions.com/dynamic/census/21/21.pdf>. Only one unused example is known, in a block. Twelve used singles are recorded, as are three on covers and two in strips, for a total of 18 known in any form. Virtually all have faults or are very off-center — only three off-cover singles and one on cover are confirmed as sound and not all have decent centering.

## PLATE 4

3406

**1c Blue, Ty. Ia (19).** Bottom row F Relief position, bold New York circular datestamp, centered to top with wide margin at bottom showing the full plumes that are the defining characteristics of this rare type, small corner creases at right top and bottom

VERY FINE APPEARANCE. A BEAUTIFUL USED EXAMPLE OF THE PERFORATED 1857 ONE-CENT TYPE Ia, WHICH CLEARLY SHOWS THE CHARACTERISTICS OF THE TYPE.

Type Ia, imperforate and perforated, only comes from 18 positions in the bottom rows of the right and left panes of Plate 4. Due to difficulties in perforating sheets from Plate 4, many examples of Type Ia have perforations cutting into the design at bottom, which destroys the defining characteristic of the type. The example offered here, showing the full bottom design, is very rare.

## THE ACKERMAN BLOCK

## THE LARGEST RECORDED MULTIPLE FROM PLATE 12

- 3418 ★田 **1c Blue, Ty. I, II (18, 20).** Block of 78 from the left pane of Plate 12 with straddle-pane margin at right, comprising 40 Type I positions and 38 Type II positions (approximately 11 Type II's have a very tiny break in outer line which might qualify as Type IIIa), original gum, ten or so Mint N.H., tiny hinge reinforcements, bright color and fresh, about ten stamps have small faults, a few others with trivial imperfections

VERY GOOD-FINE. THIS IS THE FAMOUS ACKERMAN-NEUBURY-NEINKEN-ISHIKAWA-WAGSHAL BLOCK, THE LARGEST KNOWN MULTIPLE FROM PLATE 12. A MAGNIFICENT EXHIBITION ITEM.

Plate 12 is remarkable for the numerous misplaced transfers in the left pane, as evidenced by this block of 78. As explained in Neinken (pp. 486-487): "The right pane was evidently transferred first, and by vertical rows. I believe the first three entries were 10, 20 and 30R, followed by pairs of 40, 50 then 60, 70, then 80, 90, and a single transfer of 100 [Note: the use of the bottom relief — C Relief — to enter the bottom row, is consistent with Richard Celler's theory of the '10th Row Adjustment' — see *The 1851 Issue of United States Stamps: a Sesquicentennial Retrospective*]. This order was followed in vertical rows throughout the right pane and through the 10th, 9th and 8th vertical rows of the left pane. Thus thirteen vertical rows on Plate 12 were transferred in the same order of reliefs as Plates 11, 3, 2 and 1, but after the first three transfers in the seventh vertical rows of the left pane, the old order was abandoned. Instead of pairs of the 'B-C,' the order was reversed, and three pairs of 'C-B' were entered with the last transfer from the regular 'C' in the 10th row. This same order was followed in the sixth and fifth vertical rows but the regular order was restored in the fourth vertical row. The reverse order was used on the third row, the same order as used on the fifth, sixth and seventh. The order used in the next row, or second vertical, was different from any others on the plate, from top to bottom being, A, B, C, B, C, B, C, C, B and C. Thus, instead of having a pair of 'C' reliefs in 82-92, the pair of 'C' occurred in 62-72. The first vertical row was also different from any other vertical row on the plate, with a pair of 'B' reliefs in 71-81 instead of a normal pair of 'B-C.'"

Part of this block is illustrated in the Neinken book (p. 499). Ex Ackerman, Newbury, Neinken, Ishikawa and Wagshal. Scott Retail for various combination blocks and remaining singles is more than \$180,000.00. .... E. 30,000-40,000

FINE APPEARANCE. A RARE ORIGINAL-GUM BLOCK OF FOUR OF THE 1860 5-CENT TYPE II BROWN.

The 5c Brown Type II is far rarer in multiples than the Orange Brown. Unlike the 1861 Orange Brown, the earlier printing in Brown was not left in Southern post offices when the issue was demonetized in August 1861. The largest recorded multiple is the block of 20 offered in our Frelinghuysen sale, followed by a block of nine with plate number and imprint at left, one horizontal block of six (creased thru bottom three stamps) and approximately a half-dozen blocks of four. Photos of most of the known blocks can be located on our website using Power Search, which will provide visual confirmation of the generally poor centering and condition of most surviving multiples..... 25,000.00

EXTREMELY FINE APPEARANCE. A GORGEOUS USED EXAMPLE OF THE RARE 1868 2-CENT D GRILL.

The 2c D Grill is the rarest of the regular-production 1867-68 Grilled Issues (excluding the 1867 trials and rarest Z Grills), followed in order of scarcity by the 3c Z Grill, the 3c D Grill and the 12c Z Grill.

It is our theory that two grilling machines were used simultaneously, and that one of the machines was converted from the D to E Grill in early 1868, after a small number of 2c sheets were run through the D-equipped machine.

A review using Power Search found very few examples with centering close to the example offered here. If this did not have the tiny corner crease, its selling price would be astronomical.

EXTREMELY FINE GEM. THIS MAGNIFICENT STAMP HAS BEEN AWARDED THE ULTIMATE GRADE OF GEM 100 BY P.S.E. THIS USED 1868 15-CENT F GRILL IS UNDENIABLY THE PERFECT STAMP, POSSESSING EVERY QUALITY ONE COULD POSSIBLY HOPE FOR — CENTERING, IMPRESSION, STRONG GRILL, FULL PERFORATIONS AND A LIGHT CANCEL.

We created Power Search for occasions like this, when superlatives fail to do justice to an extraordinary stamp. To see the centering, margins and cancellations on typical used examples of the 15c Lincoln — ungrilled or not — please use our website's Power Search feature to find Scott 77, 91 and 98 (three different searches). You will see that the 15c Lincoln is almost always a stamp of compromise. Great centering and margins, but heavy cancel. Light or colored cancel, but small margins or not quite centered. Great looking, but small faults. Then look at the "name" collections and see which 15c Lincoln stamps were included. No one — and there are great collector names on this list — managed to obtain this stamp or one even remotely like it.

When numerical grading started, the 15c Lincoln was on our list of "Try to Find a 100" stamps. We did not believe one existed. When this 15c F Grill was presented to us, we knew it was perfect without even looking at the grade. The Gem 100 grade and a note of praise from master grader Dr. William A. Little confirmed our gut reaction.

The ungrilled version of this issue was released in 1866, about one year after President Lincoln was assassinated. It is regarded by many to be America's first commemorative issue, memorializing the martyred president as the nation started to heal from the wounds of the Civil War. In 1868 it was issued with two grill types, the E Grill (Scott 91) and F Grill (Scott 98). 15c usually paid the registration fee on domestic mail or the U.S.-French treaty rate. The 15c stamps used on transatlantic mail passed through foreign-mail exchange offices, where clerks were zealous about cancelling high-value stamps. For this reason, the 15c Lincoln usually has a heavy cancel or large cancel over the portrait. This stamp, with its light target cancel, is the rare exception.

With 2012 P.S.E. certificate (Gem 100; unpriced in SMQ above the grade of 98, SMQ \$10,500.00 as 98). This is the highest grade awarded to date and the only example to achieve this grade..... 325.00

FINE-VERY FINE. AN EXTREMELY RARE MINT NEVER-HINGED BLOCK OF EIGHT OF THE 2-CENT 1869 PICTORIAL ISSUE.

As a Power Search review shows, blocks of eight or larger of the 2c 1869 Pictorial are scarce in any original-gum condition. Large blocks containing all Mint N.H. stamps are extremely rare. We have offered a number of larger multiples in recent years, but nearly all had at least a scattering of hinged stamps breaking up possible large contiguous pieces with Mint N.H. gum. The Gordon Eubanks collection contained a block of 12 with the bottom two rows of eight stamps in Mint N.H. condition. This is one of the largest blocks containing contiguous Mint N.H. stamps we have offered since keeping computerized records.

3679

3679°

**4c Columbian, Error of Color (233a).** Wide margins and choice centering, deep color in the more intense of the two shades, bold duplex cancel, small filled thin at bottom right not mentioned on accompanying certificate

VERY FINE APPEARANCE. ONLY THIRTEEN USED EXAMPLES HAVE BEEN CERTIFIED AS GENUINE BY THE PHILATELIC FOUNDATION. ONE OF THE GREAT RARITIES OF USED UNITED STATES PHILATELY AND OF THE POPULAR COLUMBIAN ISSUE.

The 4c Columbian color error was caused by the use of a wrong batch of ink, and spectrographic analysis has shown that the blue inks of the 4c error and 1c Columbian have the same components. Stamps from at least three panes reached collectors, and the few cancelled examples indicate that stamps used by the public came from at least one additional pane. It is likely that a number of full sheets were printed using the wrong ink, and most of the stamps have simply been lost to philately.

Our census of used Scott 233a, available at <http://www.siegelauctions.com/dynamic/census/233a/233a.pdf>, contains 13 stamps certified as No 233a. One additional stamp was previously certified as the error, but received a recent certificate as the Dark Ultramarine sub-shade. This is one of the best centered of the examples contained in our census.

# Live Internet Bidding at Siegel Auctions

## BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

**There's NO SUBSTITUTE for following the auction in real time.**  
**Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.**  
**And it's easy.**

**This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.**

**Start by following the simple steps to become a registered Live Internet Bidder.**  
**Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.**

### Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).  
To bid, you must be registered and approved by *both* SAN and Siegel.  
To decide what you need to do, choose the description below that best fits you.

**I've already registered with SAN and have been approved by Siegel for internet bidding.**

**I'm a Siegel client, but I'm not registered with SAN.**  
Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

**I've bid through SAN before, but this is the first time I've bid in a Siegel sale.**  
Then you just need to be approved by Siegel. Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

**I've never bid with Siegel, nor registered with SAN.**  
Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

### Log on to the auction at [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel).

You can also log on at [siegelauctions.com](http://siegelauctions.com)

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

**"System Down" or "Lost Connection" events do occasionally happen.**

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

EXTREMELY FINE. ONE OF THE FINEST 50-CENT 1894 BUREAU PLATE STRIPS OF THREE KNOWN. PARTICULARLY RARE IN MINT NEVER-HINGED CONDITION.

The 1894 Issue was the Bureau of Engraving and Printing's first effort at regular stamp production, and they experienced difficulty in applying perforations. This problem, coupled with the fact that only small quantities of high values were printed before watermarked paper was introduced (only 175,000 of the 50c), accounts for the rarity of 50c and dollar-value 1894 Unwatermarked Bureau stamps in choice condition. Plate number multiples are exponentially rarer, and this is perhaps the finest 50c 1894 we have handled. ## END OF SESSION FOUR

# Live Internet Bidding at Siegel Auctions

## BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's **NO SUBSTITUTE** for following the auction in real time.  
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.  
And it's easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.  
Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

### Registering with **STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES**

Live Internet Bidding is managed by Stamp Auction Network (SAN).  
To bid, you must be registered and approved by *both* SAN and Siegel.  
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

I'm a Siegel client, but I'm not registered with SAN.

Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.

Then you just need to be approved by Siegel. Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.

Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

### Log on to the auction at [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel).

You can also log on at [siegelauctions.com](http://siegelauctions.com)

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

Days later another notice appeared, announcing that the partnership had been dissolved and that Welch would carry on the business (Perry, p. 219). Only 44,000 stamps (all 3¢) were supplied in one order, delivered on October 31, 1866. The undelivered balance was destroyed (Boston Revenue Book, p. 143). ## FLEMING BROTHERS, PITTSBURGH, PENNSYLVANIA “DR. McLANE’S CELEBRATED LIVER PILLS”

A history of Dr. McLane’s Liver Pills and the Fleming Brothers is provided in a June 1872 trademark infringement suit brought by Cochrane Fleming against Dr. James H. McLean:

“As early as 1834, Dr. Charles McLane, of Morgantown, Va., made and sold liver pills, putting them up in wooden boxes, labelled ‘Dr. McLane’s Liver Pills.’ In June, 1844, Jonathan Kidd, having purchased the exclusive right from him, began, at Pittsburg, Penn., to make and sell them. In 1845, Kidd formed a partnership with John Fleming, under the name of Jonathan Kidd & Co. Kidd died in 1853, and Fleming, the surviving partner, and one Cochrane Fleming, having purchased from Kidd’s executors all his interest in the business, entered into partnership, under the name of Fleming Brothers. That firm continued until 1865, when Cochrane retired. John carried on the business in the firm name until his death, in November, 1870, whereupon Cochrane succeeded under his will to all his rights in the business.”

### BENNETT H. PIETERS & COMPANY, CHICAGO, ILLINOIS

Bennett Pieters & Company of Chicago sold "Red Jacket Bitters," which was named after a Seneca Indian who lived in the New York area from 1756 to 1830. Red Jacket was named for the bright red jacket he wore, a gift from the British. Pieters & Co. was listed in the 1860 city directory with Bennett Pieters, John F. Stafford and John D. Smedley as partners at 149 Water Street. They moved to 21 River Street, and again to 31-33 Michigan Avenue in 1866. The city directory lists the firm as distillers and wholesale liquor dealers. In the 1866 *Stranger's and Tourists' Guide to the City of Chicago*, Bennett Pieters & Co is described as follows.: "This firm had long and successfully pursued the manufacture of the Red Jacket Bitters, and their business expanding beyond the limits of their former building, has erected and now occupies a store of palatial proportions—solid stone and brick, five stories high."

**“RING’S VEGETABLE AMBROSIA”**

**E. M. TUBBS & COMPANY, MANCHESTER, NEW HAMPSHIRE**

**RING’S AMBROSIA COMPANY, NASHUA, NEW HAMPSHIRE**

In the early 1860’s Philander Ring (1824-1910) began selling “Hall’s Vegetable Sicilian Hair Renewer” (Reuben P. Hall’s own private die stamp is Scott RS94). Ring was persuaded by Dr. Elisha M. Tubbs, a friend, dentist and chemist in Petersborough N.H., to manufacture their own product — “Ring’s Vegetable Ambrosia” — and, together with a third partner, they started E. M. Tubbs & Co in 1864. The company was located in Petersborough until 1866, when it moved to Manchester. Sometime prior to this, Ring had sold out his interest in the firm. E. M. Tubbs & Company ordered the 2¢ and 4¢ dies, which depict Dr. Tubbs. Stamps from these plates were printed from 1867 to 1881. Dr. Tubbs died in 1878, and Ring returned to the business. His partners were Colby Cheney and Ira Cross, and the reconstituted firm was named Ring’s Ambrosia Company. Sometime between 1878 and 1882, they moved the business to Nashua, N.H. Stamps ordered during this period were invoiced to Ring’s Ambrosia Company.

## Shipping and Transit Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale (except those described as “floor sale only”). To expedite billing and delivery of lots to hundreds of buyers per sale, we use standard charges for postage and insurance, based on the package weight and mailing requirements (see schedule). The standard charges are sometimes slightly more or less than the actual postage or Fedex fees, but we do not include any charge for our labor or packing costs. Therefore, we ask all buyers to remit the prescribed amount for shipping charges.

Transit insurance is provided in all cases, except when the buyer has furnished us with proof that insurance coverage is effective under another policy. Proof, in such cases, will be accepted in the form of a written certificate from the insurance carrier.

You are responsible for insurance charges, which will be added to your invoice. This coverage is provided for our mutual protection against theft or loss in transit.

## Bidding Increments

The auctioneer may regulate the bidding at his discretion. However, to assist absentee bidders in establishing their maximum bid for each lot, the increments shown at right will be used in most cases. We recommend that written bids conform to these increments (those which do not will be reduced to the next level).

## REVISED CHARGES FOR SHIPPING EFFECTIVE SEPTEMBER 1, 2010
