Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. Live Internet Bidding at Siegel Auctions

BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's NO SUBSTITUTE for following the auction in real time.
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.
And it's easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.
Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with **STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES**

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by *both* SAN and Siegel.
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

I'm a Siegel client, but I'm not registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.

Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

Log on to the auction at stampauctionnetwork.com/siegel.

You can also log on at siegelauctions.com

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

Conditions of Sale (please read carefully before bidding)

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By bidding on any lot, whether directly or by or through an agent, in person, or by telephone, facsimile or any other means, the bidder acknowledges and agrees to all of the following Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 15% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.

4. **Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.**

5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date. (5A) EXCLUSIONS:** The following lots may not be returned for any reason: lots containing 10 or more items; lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault. Photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations. Lots may not be returned for any of the following reasons: the color of the item does not match the color reproduction in the sale catalogue or website listing; the description contains inaccurate information about the quantity known or reported; or a certification service grades a stamp lower than the grade stated in the description.

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. **Credit cards (Visa, Mastercard and Discover only)**

can be accepted as payment but will be subject to a 3% Convenience Fee, which will be added to the total of the entire invoice (including hammer price, buyer's premium, shipping and transit insurance charges and any applicable taxes).

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of \$250.00 per check will be charged for each check returned for insufficient funds.

8. **All lots are sold as genuine. Any lot accompanied by a certificate issued by The Philatelic Foundation or by Professional Stamp Experts within 5 years of the sale date is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion.** Buyers who wish to obtain a certificate for any item that does not have a P.F. or P.S.E. certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price and the certification fee up to \$600.00 unless otherwise agreed.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. Buyers outside the U.S. are responsible for all customs duties.

12. **The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. The bidder agrees not to use a public conflict resolution service and not to use any form of social media to publish comments or information about the Galleries and its employees which might harm the Galleries' reputation or business. These Terms and Conditions shall be governed by and construed in accordance with the substantive laws of the State of New York.**

Grades, Abbreviations and Values Used in Descriptions

Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population ReportSM is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

Extremely Fine Gem (90-100): The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

Extremely Fine (80-90): Exceptionally large/wide margins or near perfect centering.

Very Fine (70-85): Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

Fine (60-70): Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

Very Good (below 60): Attractive appearance, but margins or perforations cut into the design.

Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

Introduction to The Alan Hicks Collection of Tax-Paid Tobacco Stamps Printed on Tin-Foil and Paper Tobacco Wrappers

Offered in this sale is the most complete collection of United States Internal Revenue tax-paid stamps printed on tin-foil and paper tobacco wrappers. It is housed in 48 albums. In exhibitions the collection has won numerous gold medals, as well as a Grand Award, and has been shown in the American Philatelic Society's Champion of Champions competition.

These tin-foil wrappers are interesting because of their unusual material—soft tin-foil with the stamp printed directly onto it along with the advertising. The changes in advertising graphics over more than 70 years is an education in itself.

The collection was formed over many years with material drawn from collections built by the great Revenue stamp collectors of the past—Hiram Deats (the dean of U.S. Revenue collectors), E. B. Sterling, J. N. T. Levick (one of the pioneers in the field), Bartlett, Prevost, Post, Turner, Joyce, Tolman, Wilkens, et al. Only examples of the best quality were selected. Wrappers of lesser quality were included only if they were examples of extremely rare items or represented additional dates of cancellation (precancels).

The collection comprises more than 2,200 items and features many one-of-a-kind examples. The crown jewel of the collection is the unique leather-bound and gold-stamped album created by Hiram Deats—it contains 92 different tin-foil proofs and essays. It is believed that the wrappers were the basis of a J. J. Crooke & Co. salesman's sample book.

The stamps are arranged here by category—tin-foil wrappers followed by paper wrappers. In each category the lots are arranged chronologically by series of issue. The rarities, unique or only reported copies, are offered first, followed by the balance of the stamps in that series. Notes of the highlights of the lot are included. All wrappers are mounted on archival pages with a complete description of the item and catalog number from the Hicks catalogue *United States Internal Revenue Tax-Paid Stamps Printed on Tin-Foil and Paper Tobacco Wrappers*.

Tin Foil Tobacco Wrappers Without Revenue Printing. An extraordinary collection of 247 tin-foil tobacco wrappers housed in six volumes, used without revenue stamps printed on them (Hicks 1-132+++), most were used with adhesive tobacco stamps and many still have those stamps attached, there are many unusual brands, colors and graphics as well as brands that were also known with imprinted tobacco revenue stamps, they vary in size from small penny chews and free samples up to 8 ounce tobacco and 16 ounce snuff wrappers, some only known copies are fragmentary but overall the collection is Fine-Very Fine, each item mounted on its own page with a typed description, the most unusual items are paper wrappers printed to look like tin-foil, as well as a beautiful presentation set of printed tin-foil samples (58 pieces, ex Tolman) prepared by the John J. Crooke Co. in 1882, some cigar, cigarette, snuff and foreign wrappers are included, this is a very unusual collection that would be impossible to duplicate, it shows the history of tobacco packaging, tin-foil printing and advertising graphics(Photo Ex) E. 5,000-7,500

FINE. A LOVELY SOUND EXAMPLE OF ONE OF THE MOST COLORFUL STAMPS IN UNITED STATES PHILATELY. ESPECIALLY DESIRABLE WITH THE HANDSTAMP CANCEL.

Both the Small and Large "Persian Rug" stamps were printed in sheets of one. Because of their size, the large number of perforations on each stamp, and the fact that they were used on documents which were frequently folded across the stamps, sound examples of the multicolored "Persian Rug" issues are extremely rare.

Only 446 of the small "Persian Rug" were issued. We have offered only three others with handstamp cancels in our sales since 1993 and our Rarities of the World sales since 1964, including two others with Wilkes Barre double ovals. This example is from our 1974 Rarities sale..... 8,250.00

FINE. A RARE EXAMPLE OF THE 8-CENT "I.R." EMERGENCY PROVISIONAL OVERPRINT.

To meet the increased demands for federal revenue during the Spanish-American War, on June 13, 1898, Congress approved the War Revenue Law of 1898. The law was to become effective on July 1, 1898, leaving only seventeen days before the new stamps were needed. The Bureau of Engraving and Printing had already started work on the dies, rolls and plates in anticipation of its passage, but they were still unable to issue stamps when the law went into effect.

A large quantity of 1c and 2c stamps were printed with an "I.R." overprint (Scott R153, R154, R155 and R155A). Additionally, small quantities were produced in the 8c, 10c and 15c denominations. These issues mark the first time that the United States had to resort to surcharging. According to *Sloane's Column* (Jul. 31, 1948), the Michigan Mutual Life Insurance Co. handstamped copies of the 8c, 10c and 15c regular issues over a period of five days in July 1898. Sloane states these provisional revenues were brought to the philatelic market by J. E. Scott, a collector and employee of the company. J. E. Scott reported that the company used 41 copies of the 8c, 66 of the 10c and 28 of the 15c. The Scott Retail values support this relative mix of supply.

With 1966 P.F. certificate..... 5,500.00

570

- 570 **1c Dark Yellow Green, Chapman Overprint (R158A).** Light strike of handstamp cancel at top leaves overprint clearly visible, faults (certificate states "minor faults")

FINE APPEARANCE. A RARE EXAMPLE OF THE ONE-CENT CHAPMAN OVERPRINT. ONLY EIGHTEEN COPIES ARE RECORDED IN TOTAL. ONE OF THE GREATEST REVENUE RARITIES.

According to Scott Catalogue, the 1c Trans-Mississippi was overprinted by the Purvis Printing Company with federal government approval. They were ordered by L. H. Chapman of the Chapman Steamboat Line, which operated freight-carrying steamboats along the Erie Canal. Only 250 stamps were produced; additionally, 250 were printed reading "I.R./P.I.D. & Son", for P.I. Daprix & Son, which served different ports along the same waterway.

In his privately published census, Larry Lyons records fourteen copies (thirteen used) of Scott R158A. We are aware of two additional used examples and two additional unused copies, for a total of eighteen.

With 1992 P.S.E. certificate..... 12,500.00

5c Orange Brown, Double Transfer Ty. C (1b-C). Large to huge margins, exceptionally strong color, neat red grid cancel, tiny thin speck shows only in fluid

EXTREMELY FINE APPEARANCE. AN EXCEPTIONALLY RARE 5-CENT 1847 WITH THE TYPE C DOUBLE TRANSFER.

In the August 1995 *Chronicle*, Jerome S. Wagshal summarized previous articles on this double transfer. It was first discovered by Dan Hammatt around 1920. Mr. Wagshal recorded a total of 13½ copies (one is a half-stamp in a strip), including two pairs. He also echoes Ashbrook's theory that this and the Double Transfer Type D were created when the plate was reworked sometime in late 1850 and were only part of the Fifth Delivery from RWH&E in December 1850. This would account for their scarcity compared to the Type A and B double transfers, and it seems to be confirmed by the two examples known on cover, which were described by Ashbrook as 1851 uses. The distinctive Orange Brown shade also points to the Fifth Delivery. 4,000.00

1851-56 ISSUE

881

- 881 **1c Blue, Ty. Ib (5A).** Position 6R1E, margins all around, excellent color and impression, blue circular datestamp, hardly noticeable faint scuffs at right

VERY FINE APPEARANCE. AN ATTRACTIVE EXAMPLE OF THE RARE ONE-CENT TYPE Ib FROM POSITION 6R1E.

Type Ib was produced only as an imperforate stamp. Six positions on Plate 1 Early furnished stamps qualifying as Type Ib — Positions 3-6R and 8-9R — distinguished by the complete design at top and nearly complete design at bottom. When first entered on the plate, these six positions (as well as 7R1E) had the complete design at top and bottom. However, unlike 7R, small portions of the bottoms were burnished away. Positions 6R and 8R had less of the bottom erased than the other Type Ib positions, particularly in the left plume, and for this reason they are more desirable examples of the type. All Type Ib stamps are very scarce, and the two best examples (6R offered here and 8R) are rare. These top-row positions usually have an ample top margin, but frequently the margins are close or cutting into the bottom 15,300.00

- 882 **1c Blue, Ty. Ia (6).** Plate 4, full margins to in at top and bottom but with bottom right plume clearly complete, neat New York circular datestamp, Very Good example of this scarce type 11,000.00

882

883

- 883 **1c Blue, Ty. III (8).** Large margins, deep Plate 4 shade, neat New York 1858 yeardated circular datestamp

EXTREMELY FINE. AN ATTRACTIVE USED EXAMPLE OF THE IMPERFORATE ONE-CENT TYPE III.

Type III is defined by breaks in the outer lines at both top and bottom. Many Type III stamps have breaks that were created or enlarged by plate wear. Since the wear occurred over a period of time, the majority of stamps of this type (both unused and used) have small breaks in at least one line. This stamp has a very large break at top and more than adequate break in the bottom line. 2,500.00

- 884 **1c Blue, Ty. IIIa (8A).** Full to large margins all around, deep rich Plate 4 color with beautiful impression, unusual line cancel (not ms.), probably made with the rim of a circular datestamp, Very Fine and choice 900.00

942° ★ **5c Bright Red Brown (28b).** Part original gum, marvelous intense shade on fresh paper
FINE FOR THIS EXTREMELY RARE UNUSED EXAMPLE OF THE 5-CENT 1857 BRIGHT RED
BROWN SHADE. THIS IS THE FIRST UNUSED EXAMPLE WE HAVE EVER OFFERED.

This is the first unused example of the sub-listed *Bright Red Brown* shade variety of Scott 28 we have offered. In our analysis of the 5c 1856-61 printings, we consider the Bright Red Brown (28b) and Indian Red (28A) to be in the same printing family. There are only five examples of the Indian Red with any part of original gum, and they sell for \$100,000 or more. The Bright Red Brown shade is usually the default classification for a stamp that does not have sufficiently intense color to receive an Indian Red classification, but the difference is very subtle. In fact, unused examples of the Bright Red Brown (Scott 28b) shade appear to be rarer than the Indian Red.

Many collectors know this issue by type and shade, but fewer are aware of the order of production (or release). This state of confusion is partly due to the Scott Catalogue. Based on dated covers, the 5c Type I shades were released in the following order: 1) Red Brown, Scott 28, EDU 8/23/1857; 2) Indian Red, Scott 28A, EDU 3/31/1858; 3) Brick Red, Scott 27, EDU 10/6/1858; 4) Brown, Scott 29, EDU 3/21/1859, almost certainly the last printing from the first 5c plate. The second 5c plate was made from a new six-relief transfer roll with the design projections cut away at top and bottom, to varying degrees. The Type II Brown was issued first (Scott 30A, EDU 5/4/1860), and the Orange Brown printing from the same plate followed about one year later (Scott 30, EDU 5/8/1861).

The first 5c sheets to be perforated in mid-1857 undoubtedly came from the unissued supply of 5c imperforate sheets in the "1856" Red Brown shade. These are akin to 1c perforated stamps from Plate 1 Late (Type IV, Scott 23) and Plate 2, and 3c perforated stamps from the Type I plate (Scott 25). Covers dated during the second half of 1857 and first quarter of 1858 have 5c stamps in the "1856" shade of Red Brown, which look like Scott 12 with perforations. By March 31, 1858, the EDU of the Indian Red shade, a second printing must have been made. We suspect that the entire family of Red Brown, Bright Red Brown and Indian Red shades — all of which differ from the "1856" Red Brown — were printed at the same time during the first quarter of 1858. Looking at the EDU's, there is a largely consistent pattern of new 5c printings at the beginning of each year in 1858 (Red Brown), 1859 (Brown), 1860 (Type II Brown) and 1861 (Type II Orange Brown). The only exceptions to this pattern are the "1856" Red Brown perforated sheets released in mid-1857, which make sense in the context of the first perforated issue, and the October 1858 Brick Red.

VERY FINE APPEARANCE. AN EXCEEDINGLY RARE AND DESIRABLE ORIGINAL-GUM EXAMPLE OF THE 30-CENT 1861 FIRST COLOR.

Our census of the 30c 1861 First Color, available at <http://siegelauctions.com/dynamic/census/61/61.pdf>, contains a total of 33 examples, including one in the Miller collection at The New York Public Library. A characteristic common to most examples of the 30c 1861 First Color is faint creasing, which in some cases is very severe and in others barely visible. Six stamps with original gum are free of faults, although a few have a trivial nibbed perf or two. All of the sound stamps are centered to one side (as are most of the others). The example offered here, with balanced margins and a tiny corner crease, is very desirable.

1021 **5c Buff (67).** Radiant color nicely complemented by **Baltimore Md. blue circular date-stamp**, outstanding centering with balanced margins

EXTREMELY FINE GEM. A SUPERB USED EXAMPLE OF THE 1861 5-CENT BUFF STAMP IN TERMS OF COLOR, CENTERING, PERFORATIONS AND CANCELLATION. THIS STAMP, GRADED XF-SUPERB 95 BY P.S.E., IS EASILY ONE OF THE FINEST IN EXISTENCE.

Due to narrow spacing on the 5c plate, it is very difficult to find centered copies with the perforations clear of the design on all sides. The stamp offered here, with its choice centering, fresh color and neat blue Baltimore cancel is a condition rarity.

Ex Mayer and Scarsdale. With 1996, 2003 P.F. and 2013 P.S.E. certificates (XF-Superb 95; SMQ \$6,500.00). This is the highest grade awarded to a Scott 67 in any condition category and it is shared by only four others. At least three of the other 95's have black cancels..... 1,030.00

FINE EXAMPLE OF THE 1873 3-CENT CONTINENTAL BANK NOTE ISSUE WITH A DOUBLE IMPRESSION. OUR CENSUS CONTAINS ONLY SEVEN EXAMPLES OF THIS GREAT RARITY.

Most double impressions occur when the first impression is made and found to be inadequate. The paper is then put in the press a second time, when it receives the heavier impression. It is a common misconception that the weaker impression is the second one.

In many double impressions the alignment between the two impressions is only slightly off, which can cause a blurring effect. In the example offered here there is a clear separation between both impressions.

Our census of Scott 158j, available at <http://www.siegelauctions.com/dynamic/census/158j/158j.pdf>, records only seven examples of this rarity. Of the seven, one has a previous certificate as genuine and another as a kiss print (both as sound), but we consider it to be genuine since the P.F. has clarified their standards since that most recent certificate was issued.

EXTREMELY FINE GEM. A SUPERB LIGHTLY-HINGED JUMBO MARGINED EXAMPLE OF THE 1894 \$2.00 UNWATERMARKED BUREAU ISSUE, WHICH HAS BEEN GRADED XF-SUPERB 95 JUMBO BY P.S.E. — THIS IS THE HIGHEST GRADE AWARDED AND THE ONLY TO ACHIEVE IT.

The 1894 unwatermarked issue was the first U.S. stamp issue printed by the Bureau of Engraving & Printing. This issue is notoriously difficult to find well-centered, as production was marred by initial problems as the Bureau feverishly worked to satisfy the public demand for stamps. The \$2.00 is one of the rarest of the set in original-gum condition with choice centering. This Jumbo-margined example is truly exceptional.

With 2014 P.S.E. certificate (OGph, XF-Superb 95 Jumbo; SMQ \$8,150.00 as 95, unpriced in any higher grade). This is the highest grade awarded and it is shared by no others (three are graded 95). 2,750.00

FINE APPEARING EXAMPLE OF THE RARE 3-CENT ORANGE-BURG COIL.

The Orangeburg coil was made by the Post Office Department in 1911, specifically for use by the Bell Pharmaceutical Company. The 3c coil stamps were used to send samples of their products to physicians. Due to the quantity of mail, they were put through the first-class cancelling machine at Orangeburg, New York. The Orangeburg coil stamps' use on third-class mail, and the fact that philatelists were generally unaware of their production accounts for their rarity. Many have small faults such as corner creases or small tears.

Shipping and Transit Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale (except those described as “floor sale only”). To expedite billing and delivery of lots to hundreds of buyers per sale, we use standard charges for postage and insurance, based on the package weight and mailing requirements (see schedule). The standard charges are sometimes slightly more or less than the actual postage or FedEx fees, but we do not include any charge for our labor or packing costs. Therefore, we ask all buyers to remit the prescribed amount for shipping charges.

Transit insurance is provided in all cases, except when the buyer has furnished us with proof that insurance coverage is effective under another policy. Proof, in such cases, will be accepted in the form of a written certificate from the insurance carrier.

You are responsible for insurance charges, which will be added to your invoice. This coverage is provided for our mutual protection against theft or loss in transit.
