Information for Bidders

Bidding

The following means are available for placing bids:

- 1) **Attending the Live Auction in Person:** All bidders must register for a paddle, and new bidders must provide references at least three business days in advance of the sale.
- 2) **Live Internet Bidding:** Instructions for participating as a Live Internet Bidder are provided on the page opposite.
- 3) **Phone Bidding:** Bidders can be connected to the sale by phone and bid through a member of staff. Requests for phone bidding are subject to approval (please contact our office at least 24 hours before the sale). A signed Bid Form is required.
- 4) **Absentee Bids.** All bids received in advance of the sale, either by mail, fax, phone, e-mail or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or e-mail should arrive at least one hour prior to the start of the sale session. Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. E-mail and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or e-mail have been received and entered.

Pre-Sale Viewing

Subject to availability, certain lots (except group lots) can be sent to known clients for examination. Requests must be made no later than 7 days prior to the sale. Lots must be returned on the day received. Postage/insurance costs will be invoiced.

In addition to regular viewing, clients may view lots by appointment. Our staff will be pleased to answer questions or provide additional information about lots.

Expert Certification

Individual items offered without a certificate dated within the past five years may be purchased subject to independent certification of genuineness and our description. **Please refer to the Conditions of Sale and Grading Terms for policies governing certification.**

Shipping and Delivery

Procedures and charges for shipping lots are printed on the back of the Bid Form. **Bidders are responsible for all prescribed shipping charges and any applicable sales tax or customs duties.**

Price Realized

Prices realized are sent with each invoice. Bidders with e-mail will receive a Bid Results report after the sale. Session results are posted immediately to siegelauctions.com

Live Internet Bidding at Siegel Auctions

BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's **NO SUBSTITUTE** for following the auction in real time.
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.
And it's easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.
Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by *both* SAN and Siegel.
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

I'm a Siegel client, but I'm not registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

Log on to the auction at stampauctionnetwork.com/siegel.

You can also log on at siegelauctions.com

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.

Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

Conditions of Sale (please read carefully before bidding)

THE PROPERTY DESCRIBED IN THIS CATALOGUE WILL BE OFFERED AT PUBLIC AUCTION BY ROBERT A. SIEGEL AUCTION GALLERIES, INC. ("GALLERIES") ON BEHALF OF VARIOUS CONSIGNORS AND ITSELF OR AFFILIATED COMPANIES. BY BIDDING ON ANY LOT, WHETHER DIRECTLY OR BY OR THROUGH AN AGENT, IN PERSON, OR BY TELEPHONE, FACSIMILE OR ANY OTHER MEANS, THE BIDDER ACKNOWLEDGES AND AGREES TO ALL OF THE FOLLOWING CONDITIONS OF SALE.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 15% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**
2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.
3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.
4. **Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.**
5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date.**
(5A) EXCLUSIONS: The following lots may not be returned for any reason, or may not be returned for the reasons stated: i) lots containing 10 or more items; ii) lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; iii) any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault; iv) photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations; v) the color of the item does not match the color reproduction in the sale catalogue or website listing; vi) the description contains inaccurate information about the quantity known or reported; or vii) a certification service grades a stamp lower than the grade stated in the description.
6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. **Credit cards (Visa, Mastercard and Discover only) can be accepted as payment but will be subject to a 3% Convenience Fee, which will be added to the total of the entire invoice (including hammer price, buyer's premium, shipping**

and transit insurance charges and any applicable taxes).

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. **Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter.** A fee of \$250.00 per check will be charged for each check returned for insufficient funds.
8. All lots are sold as genuine. **Any lot accompanied by a certificate issued by The Philatelic Foundation, British Philatelic Association, Royal Philatelic Society of London or any other authority recognized by the A.I.E.P. in a specific area of expertise, and dated within 5 years of the sale date, is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion.** Buyers who wish to obtain a certificate for any item that does not have a certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price and the certification fee up to \$800.00 unless otherwise agreed.
9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.
10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.
11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. **Buyers who receive lots in the U.S. are obligated to pay whatever sales tax or compensating use tax might be due, and buyers outside the U.S. are responsible for all customs duties.**
12. **The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. The bidder agrees not to use a public conflict resolution service and not to use any form of social media to publish comments or information about the Galleries and its employees which might harm the Galleries' reputation or business. These Conditions of Sale shall be governed by and construed in accordance with the substantive laws of the State of New York, and shall constitute an agreement that shall be binding on the parties, and their respective heirs, administrators, distributees, successors and assignees.**

Grades, Abbreviations and Values Used in Descriptions

Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population ReportSM is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

Extremely Fine Gem (90-100): The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

Extremely Fine (80-90): Exceptionally large/wide margins or near perfect centering.

Very Fine (70-85): Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

Fine (60-70): Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

Very Good (below 60): Attractive appearance, but margins or perforations cut into the design.

Guide to Gum Condition

PRE-1890 ISSUES	<i>Pre-1890 stamps in these categories trade at a premium over Scott value</i>			Scott Value for “O.G.”		Scott “No Gum” Values thru No. 218
1890-1935 ISSUES	Scott “Never Hinged” Values for Nos. 219-771	Scott Value for “O.G.” (Actual value will be affected by the degree of hinging)		Disturbed Original Gum: Gum showing noticeable effects of humidity, climate or hinging over more than half of the gum. The significance of gum disturbance in valuing a stamp in any of the Original Gum categories depends on the degree of disturbance, the rarity and normal gum condition of the issue and other variables affecting quality. For example, stamps issued in tropical climates are expected to have some gum disturbance due to humidity, and such condition is not considered a negative factor in pricing.

Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

VERY FINE EXAMPLE OF THIS EXTRAORDINARILY RARE TRIAL COLOR PROOF. NO MORE THAN TWO OR THREE ARE RECORDED IN PRIVATE HANDS.

In 1909 it was decided to create a new 2p stamp for the King Edward VII definitive series. Trial color proofs were prepared in several colors before the tyrian plum was selected. Only 1-3 examples of each trial color proof are believed to be in private hands. 100,000 sheets of the tyrian plum were printed, but it was decided to delay shipment to post offices until current supplies of the 2p were exhausted. With the death of King Edward VII on May 6, 1910, it was decided to destroy the entire stock. Very few unused examples escaped destruction, and they are now considered major rarities of Great Britain.

1850, 8c Black on Green, “Cotton Reel” (4; SG 4). Thin frame, cut round, initialed “E. D. W.” (Edmond Dalzell Wight, clerk to the Colonial Post Office), strong paper color, lightly cancelled by Dec. 13, 1850 Demerara circular datestamp, usual thinning

VERY FINE APPEARING EXAMPLE OF THE 1850 8-CENTS COTTON REEL. ONE OF THE MOST RECOGNIZABLE AND ICONIC STAMPS IN ALL OF PHILATELY.

The first stamps of British Guiana were issued in July 1850, in denominations of 2c, 4c, 8c and 12c. They were printed at the offices of the Royal Gazette of British Guiana newspaper. Quickly produced from printer’s type and a printer’s rule bent into a crude circle, the stamps earned the nickname “Cotton Reel” from collectors because they look similar to labels on the wooden ends of a reel of cotton thread. Each stamp was initialed as a control to prevent either theft or counterfeiting. The “E.D.W.” initials of Edmond D. Wight also appear on the famous 1c Magenta British Guiana stamp.

The impression, initials and cancel on this particular example are all much finer and clearer than typically found.

1852 HALF-ANNA RED
SCINDE DISTRICT POST

3347

3347°

1852, ½a Red, Scinde District Post (SG S3; Scott A3). Complete design, strong embossing, cancelled by diamond of dots and affixed on native piece, trace of datestamp on reverse, typical light cracking as always

VERY FINE. AN EXCEEDINGLY RARE AND CHOICE EXAMPLE OF THE RED "SCINDE DAWK". A KEY ITEM TO ANY EARLY INDIA COLLECTION.

The ½a Red Scinde Dawk was the first stamp issued in all of Asia. Because it was embossed on a wax wafer it had a tendency to crack (and often disintegrate). It was deemed unacceptable and quickly replaced with the white and blue stamps embossed on paper. The example offered here, completely intact, is among the very finest of the small number available.

Although the Scott catalog notes that two unused copies exist, current research suggests these were all cancelled by the postmaster prior to affixing on the letter, and that no genuine unused examples exists. One of the two previously thought unused copies received a recent negative B.P.A. certificate.

Ex Wilson. With 2012 B.P.A. certificate. Scott \$26,000.00 £ 25,000

FINE AND HANDSOME EXAMPLE OF ONE OF THE WORLD'S MOST CELEBRATED AND ICONIC POSTAGE STAMPS — THE 1854 4-ANNA HEAD INVERTED ERROR. ONE OF ONLY 28 CONFIRMED EXAMPLES AND DESTINED FOR A WORLD-CLASS COLLECTION OF INDIA.

Of the 28 examples, three are cut square examples. A further six whose details are unclear and/or questionable since they haven't been on the market in many years - some dating back to the late 1890s and therefore may be duplicates and/or fakes. As few as 23 examples are privately owned with five institutionalized.

Miraculously, no mention of this error was made until 1874 where an example was exhibited at a Royal Philatelic Society London meeting. Since then, this error has been a highly sought after item and examples have graced some of the finest collections of India ever formed.

The 1866 Provisional was introduced due to the Post Office Act XIV on May 1, 1866. FINE. A TREMENDOUSLY RARE USE OF THE 1862 5-CENTAVOS FIRST ISSUE ON COVER. ONE OF A MERE FOUR EXAMPLES KNOWN, AND THIS THE EARLIEST KNOWN USE RECORDED.

Nicaragua was the first country in Central America to issue stamps. There are no records which show the exact date of issue. This cover is unlisted in the census prepared by *The Mainsheet* of November 1998 by Dr. Arthur K. M. Woo which lists three others:

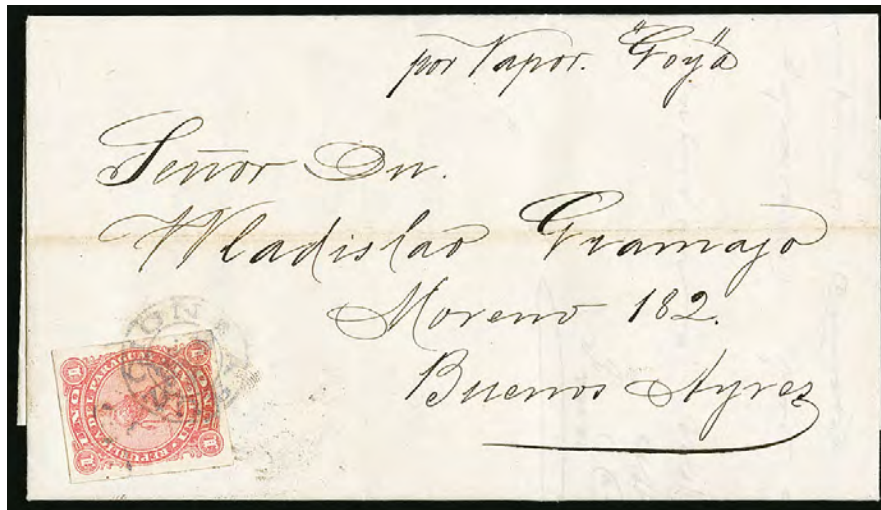

- 1) Horizontal strip of three and single cancelled on cover to Guatemala dated Apr. 19, 1864
- 2) Horizontal strip of four cancelled on cover to Molino in Granada (undated)
- 3) Two examples with 1871 1c Bister tied by "Rivas" straightline cancels on cover addressed locally (circa early 1870s)

According to Brian Moorhouse, the internal letter rate was 5c per quarter ounce listed in the June 1862 *Ordenanza de Correos*. A 2c rate is not mentioned despite the issuance of a 2c stamp but could be a possible carrier fee.

SESSION FOUR (LOTS 3946-4033)

LOT 3946°

A VALUABLE AND IMPORTANT WORLDWIDE STAMP COLLECTION

Offered intact from a collector's estate, by order of the trustee

This collection in **33 Scott Specialty albums** is the result of at least three decades of dedicated collecting by one of those rare individuals who set out to complete the world. Excluding the United States and Possessions, which are not part of this collection, virtually every country is represented for the years stamps were issued up to the mid-20th century. There are tens of thousands of unused and used stamps carefully mounted with hinges or in hingeless mounts. Hundreds of countries and thousands of completely filled pages are contained in this massive collection, which is offered intact, according to instructions received from the trustee of the deceased collector's trust.

It is impossible to describe every significant item in this collection, but the following overview will convey the "flavor" of the collection, as well as the scope and depth of representation. The Scott Specialty albums are arranged by geopolitical categories, and this overview follows that arrangement.

We begin with the **two volumes of Great Britain, British Europe and Oceania**, in which there is a valuable collection of Great Britain, including several scarce or rare ten-shilling, one- and five-pound Victoria issues, most of the George V and VI sets complete, a choice unused "V.R." Official and many of the other scarce Officials. The value of the Great Britain collection alone is in the mid-five figures. In addition to Great Britain there are solid collections of Australasia, including Australian States (an excellent showing of used classic issues, especially New South Wales and New Zealand) and Australia pound-value Kangaroos (mixed used and unused). Noteworthy scarce stamps among the Pacific Islands include Fiji Times Express and "VR" overprints, New Britain overprints, North Borneo (including Japanese Occupation), North-West Pacific Islands overprints and an unusually complete collection of Samoa Express stamps.

The **next volume is dedicated to British America**, including Canada and Maritime Provinces, and Caribbean and Latin American colonies. There is substantial value in the Canadian Pence and Large Queens issues, and Newfoundland is the most valuable of the Maritime Provinces. Dominica features the rare 1886 1p on 4p Green (14; SG 18) on piece, a major world rarity. Among the more valuable country collections is Turks Islands, featuring a selection of the scarce or rare surcharged issues. British Guiana boasts two of the typeset provisional issues.

Rounding out the British Colonial and Commonwealth countries are **two volumes of British Africa and two volumes of British Asia**. These albums are packed with complete sets and high-denomination George V and George VI issues, as well as the myriad overprinted issues from stamp-issuing entities in Africa and other colonial outposts. Madagascar is especially strong in Consular issues. The Mafeking Siege is represented by some of the scarcer provisionals. All together, the British Africa is a formidable collection worth six figures on its own. The British Asia collection is a bit lighter in the more valuable issues, but its total value is still in the mid-five figures, with Ceylon, India and Malaya dominating.

Next we come to the vast collection of **Europe and European Colonies, contained in seventeen volumes**, many of which are bulging with filled pages. Naturally, France and Germany dominate, with the classic issues well-represented and German States featuring a Saxony First Issue. Italian States are surprisingly complete and in excellent condition, including a choice Savoy Cross on piece. The undisputed highlight of the collection will be found in Switzerland, where a sound and Very Fine Double Geneva is located (with von der Weid certificate). This rare gem is a \$20,000-\$30,000 item and would satisfy the most discriminating collector.

The volumes containing **Scandinavia-Finland (one), Latin West Indies (one), Central and South America (five)** will impress the viewer with their completeness and many scarce issues. **Two volumes of Independent Countries of Asia** have most of the value concentrated in China, where a 5c Large Dragon Wide Spacing and Red Revenues light up the pages. There is also a separate collection of People's Republic of China contained in two three-ring notebooks, which is worth several thousand dollars (it contains the Year of the Monkey stamp).

Regarding condition, this is most definitely **not** a "spacefiller" collection. The better stamps in this collection are at least **Fine and more often Very Fine**. It contains stamps that were bought at auction and from dealers at significant percentages of catalogue value. Some of the sets are mixed unused and used, and minor faults in some of the classic issues should be expected, but sound Very Fine stamps with catalogue values in excess of \$500.00 will be found throughout. There are a large number of expert certificates, and we detected very few problematic stamps.

Our conservative estimate is based on the fair market value of the stamps if they were offered in typical individual lots and small country collections. The estimate does *not* reflect the extraordinary opportunity to acquire a worldwide collection of this vast scope and depth in one lot. Filling page after page with the sets and scarce issues found in this collection took decades and, if attempted incrementally, would take an equal amount of time. For someone who loves stamps — the *entire world* of stamps — and wants a "turn-key" worldwide collection on which to build, this is a unique opportunity. Needless to say, for a dealer with the means to make a substantial investment, its acquisition within, or even above, our estimate range holds certain potential for a substantial resale profit.

Special presale registration will be required in order to bid on this lot, and it will only be released to the winning bidder after payment in full has been made, in accordance with the Conditions of Sale.

Estimate \$500,000-750,000

Live Internet Bidding at Siegel Auctions

BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's **NO SUBSTITUTE** for following the auction in real time.
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.
And it's easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.
Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with **STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES**

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by *both* SAN and Siegel.
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

I'm a Siegel client, but I'm not registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

Log on to the auction at stampauctionnetwork.com/siegel.

You can also log on at siegelauctions.com

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.

Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.
