Authentication Service

We examined the enclosed item submitted by the applicant, which is pictured below and described as:

CSA Scott 2 (10¢ light blue Paterson) unused with kissed transfer, white pearl and malformed star.***

We are of the opinion that:

The stamp is GENUINE. The partial colored letters within the coiriness
letters of "POSTAGE" and "TEN CENTS", and the color spot in the
upper right star are a dry printing transient printing variety. The white
pearl is from poor inking.
