Collins Ague Cure

Is the Best Medicine in the World for
Constipation, Biliousness, Diarrhoea
Liver Complaint, Flux, Chills and Fever
and Kidney Diseases.

Its popularity is unbounded all over the North and
South, and it has millions of friends everywhere.

PRICE 50 CENTS PER BOTTLE.

Athens, Georgia, March 16th, 1888.
COLLINS BROS. DRUG CO., St. Louis, Mo.

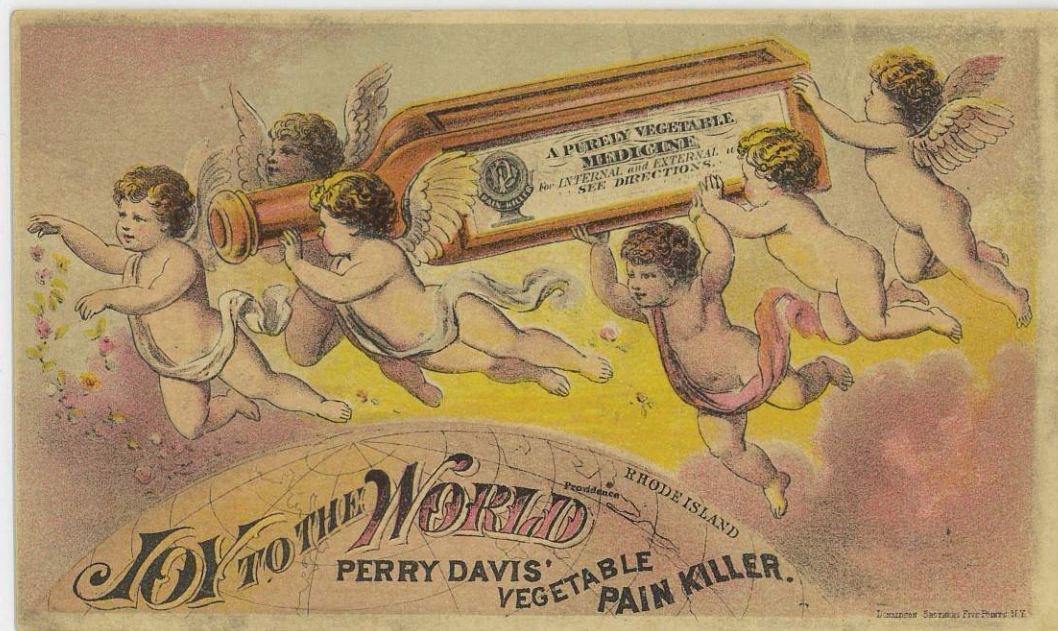

Gentlemen:—I first became acquainted with the
merits of COLLINS AGUE CURE about three years
ago, at which time I was living in the Valley of the
Mississippi River. My health I believed to be perma-
nently destroyed, and my grave seemed staring me in
the face. I was a miserable victim of Malaria in its most
terrible form. I cannot begin to describe the marvelous
benefit and value I derived from the Ague Cure. I was
reduced almost to a skeleton, and my weight was only
eighty pounds, and it is now one hundred and seventy-
five. I have recommended this medicine to thousands
of people, and in nearly every form of disease, and never
in a single instance have I known it to fail. I can tell
you, gentlemen, that one-half of the truth has never
been told in regard to that wonderful medicine.

Very Respectfully yours,
Rev. Ambrose Wray.

I think there is nothing equal to Piso's Cure for Consumption. It will cure a cough when everything else fails. Six bottles cured me of what I thought was an INCURABLE Cough.

We take the liberty to hand you, free of expense, a few of the latest edition of our Album Cards:

"THE TALKING WELL,"

a copy of which, if not too much trouble, we would be glad to have you hand to each of your friends, as far as the number sent will admit—giving to adults only, as children usually waste them. We trust the pleasing character of the pictures will render them acceptable.

Yours respectfully,

DR. JAYNE & SON.

"The Talking Well" is the subject of the present Album Card—the tenth of our series. According to a prevalent European legend, Wells, when in the mood, would answer lovers' questions. In our picture, the maiden having addressed her queries at a propitious moment, is being favored, as she thinks, by an answer from the Well, but really from the lover, whom she supposes far away.

WHEN ANY GROWN PERSON is troubled with low spirits, restlessness, sour stomach, sick-headache, a variable appetite, rising of food after eating, oppression of the stomach, low fever, languor, and irregularity of the bowels, rest assured it is a form of Dyspepsia—a complaint tending to break down the general stamina, and open the way for many serious evils. The remedy is Dr. JAYNE'S TONIC VERMIFUGE. Two teaspoonfuls, mixed with a little water, taken after each meal, keeping the bowels gently open when necessary with Dr. JAYNE'S SANATIVE PILLS, will usually soon remove this distressing disease.

IF YOUR CHILDREN'S CONDITION causes anxiety, owing to such symptoms as a variable appetite, with strange cravings, picking the nose, thirst, low fever, bad breath, pale complexion, flushed cheeks, a wasting away, great nervousness, fitful sleep, grinding of the teeth, with weakness of the bowels,—they indicate that the child is troubled with those dreadful pests, **WORMS**, which worry the delicate system, producing such irritation and debility as will surely break down the constitution, and, if the cause is not removed, may bring on St. Vitus' Dance or Convulsions, and render its after-life a burden. To save your child, use Dr. JAYNE'S TONIC VERMIFUGE, according to the directions, and you will not only destroy the Worms, but its tonic properties will rebuild the general health—no other worm medicine possessing such qualities. When Worms are not indicated, and a gentle tonic is required, the Vermifuge may be given with excellent results after each meal, in much smaller doses than for Worms.

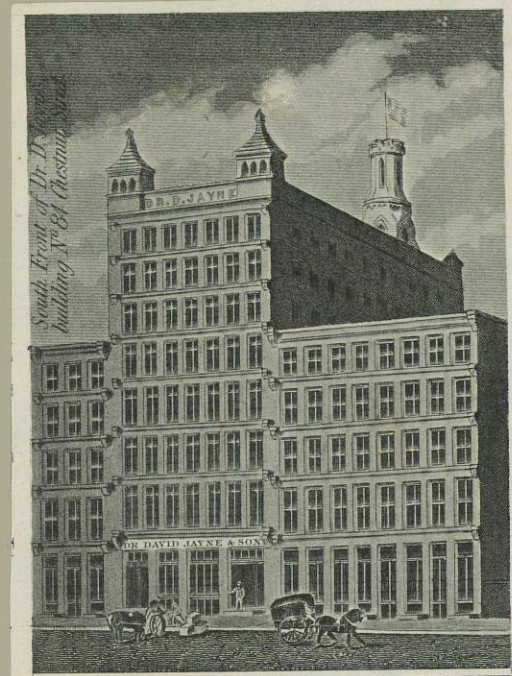

WHEN TROUBLED WITH A SORE THROAT, Pains in the Lungs, Asthma, or any Cough or Cold, everybody should know that in Dr. JAYNE'S EXPECTORANT they will find a speedy curative and a safe and useful family medicine.

LACTOPEPTINE SYRUP, with Phosphates.

Especially indicated in all conditions of depressed nervous vitality, such as neurasthenia and allied complaints. The phosphates of lime, iron, soda and potash are direct tonic stimulants to the disordered nerves; and the contained Lactopeptine, by its digestive potency, assists in their absorption and assimilation, thereby greatly aiding their therapeutic action.
