**2015-2016 Migratory Bird Hunting and Conservation Stamp**

The habitats protected with Federal Duck Stamp dollars benefit hundreds of species that need wetlands to feed, breed and rest. In some of the same salt marshes and shallow waters where you'll find ruddy ducks, you may also glimpse the Ridgway's rail, a grayish-brown, chicken-sized bird with a long, curving bill and a conspicuous whitish rump. Once abundant in California's wetlands, the Ridgway's rail fell to near extinction as wetlands were altered or developed. Your Duck Stamp purchase directly helps to protect habitat that is key to the survival of the Ridgway's rail and other rare species.
