**I've already registered with Siegel and
have been approved by Siegel for internet bidding**

Internet bidding works by allowing registered bidders to observe and place bids, either before the sale or in real-time during the auction.

Live Internet Bidding will work with any browser on both PC and Mac operating systems, or with our app..

Before bidding by internet for the first time, we recommend observing an auction in progress. This will help you develop a feel for the sale tempo and bidding interface.

Log in and participate in the auction at bid.siegelauctions.com

When you're logged on as an internet bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is not acceptable, so please bid carefully.
- You can track prior realizations from the bidding screen.
